Leask Cops District Tennis Crown

Capped by Ashland's foreign exchange student winning the district crown, Ashland High's Grizzly racket squad ended its most successful season in the history of the team last week.

After scoring four wins in a row at the district tourney last weekend, Leask will be competing for the state title in Eugene this weekend.

At the district tourney, Ashland's team ended in third position as they did in conference standings. Klamath topped the circuit and the tourney with an 8-0 record and 30 team points. Medford followed in both categories with a 6-2 mark and 20 points. Ashland had 16 points followed by Grants Pass with 15 points and a 2-6 record. Eagle Point tallied three district tourney cantes, but didn't play conference teams, while Crater had an 0-8 mark and no points.

The quintet, headed by New Zealand's 7-1 conference record and his 11-3 season mark, ended the season with an 8-6 record and a 4-6 conference mark. The number of victories is more than all the previous racket quintets have garnered in the history of AHS tennis.

Leask provided 10 of the team's counters while Jack Ragan gave Ashland three as did the doubles duo of Ken Clark and Doug Kirby.

Also entered in the tourney was Jerry Bevins in singles and John Kaegi and Craig Kirby and Kent Brostad and Gary Prickett in doubles. Bevins won one and was eliminated by last year's champion who took third this year, Ken Myers of Medford. The second AHS doubles team met the third rated doubles men from Klamath Falls in the initial round and were eliminated as were the third doubles duo.

Taking firsts for Klamath were Gates in the 100, 200 and broadjump, Lewis in the mile, Peterstetter in the highjump, Metter in the 800 and Whitlock in the two-mile run. Klamath won the relay. Medley of Crater won the shot put.

A review of these setting records during the season shows Voth - erasing the old javelin mark in the Cal-Ore, Hayward and Rotary, and Rogue Relays; and Willis with a discus mark. Voth's best throw was 210 while Willis' was 170.05.
