**THE DAILY GAZETTE.**

It is with the confident belief that Corvallis now has a population sufficiently large and intelligent enough to appreciate, and a business community extensive and progressive enough to liberally support a live, local daily paper that the Daily Gazette begins publication and offers itself to the public for that approval and patronage which it hopes to merit and receive.

As a man is known by the company he keeps, so a city is gauged by the character of its newspapers, especially from the outside, and there is hardly a community the size and importance of Corvallis anywhere in the Pacific Northwest that does not maintain a good daily paper. Such a publication always improves the reputation of the city

in which it is published, as it is a daily reflex of civic improvement, business development and general growth.

This is exactly what the Daily Gazette will endeavor to be and it is hoped that it will have only progress and prosperity to chronicle and that with the increasing development of the city along all material lines it will be a truthful index of the constant advancement of Corvallis.

With such an aim, and with the fixed policy of the greatest good to the greatest number, this paper hopes to prove its worth to the public and in return to deserve and receive a full measure of public support.

**ALL THE NEWS.**

The Daily Gazette wants and expects to print all the news; that is, all the news that's fit to print. In order to do this it asks the people of Corvallis to help in every way possible to make this paper the brightest and best little local daily in the state. This can easily be done by sending in everything in the way of news. The coming and going and visits of relatives and friends, church activities, club doings, social events, fraternal notes, sporting and athletic features, realty transactions, happenings and improvements at home and throughout the city. Every item is grist that comes to the daily mill and it will be ground out in as newsy shape as possible. Don't think that any happening is too trivial to chronicle. It may appear so at first sight and yet contain the material for a good story. Telephone, write or call with all the news you have. It will be fully appreciated.

**A New School District**

Petitions are now being circulated asking the county court to submit, to the legal voters of School districts No. 29, 41, 42, in Alsea, at the regular election, to be held June 21, the question of consolidating these districts and building a large commodious school house near the Alsea store. If the petitions are granted by the court the clerk of each district will be authorized by the boundary board of the county to submit it at the June election. If a majority vote should be obtained in each district it will make the new district thus formed the largest in the county with a taxable wealth of at least \$800,000 thus affording ample funds with which to equip and maintain a fine graded school. This question was before the court last fall and much interest manifested and will no doubt command much attention at the final decision in June.

Mrs. M. Henkle has sold her residence property on South Second street to J. J. Houser. Mr. Houser will at once lay new cement walks to conform to the new ordinance and in the near future will erect a business house on the corner.

**Ladies' Watches Need Constant Repairing**

Their method of carrying them is responsible for the fact. Pinned to the waist or hanging on a chain the delicate mechanism is easily disarranged. We pay special attention to ladies' watches, and when repaired by us you will find that they keep in order longer.
