Christina Lynn Long

Haines, 1976-2016

Christina Lynn Long, 39, of Haines passed away Monday June 20th near Haines. A funeral service was held on Thurs-

Christina Long

day June 30th at Driskill Memorial Chapel at 2:00 p.m.; an interment followed at the St. Andrews Cemetery in Canyon City.

Christina was born on October 18, 1976 to Ivan Henry Lattymyer and Doris Edith Osterhout in Albany, New York.

She graduated Grant Union High School, and then later attended col-

lege at OHSU graduating in 2008 with a Nursing Degree. On October 18, 1995 she married Mitchel Dawain Long at the Clyde Holliday State Park.

She is survived by her daughters Tomina Long of John Day, OR Matika Long of Haines, OR., Johna Long of Haines, OR., and Foster Father John Rowell of John Day,

OR.

She is preceded in death by her mother and father.

Memorial contributions may be made to the Christina Long Memorial Fund at the U.S Bank.

Arrangements were under the care of Driskill Memorial Chapel 241 S. Canyon Blvd. John Day, OR 97845.

Public use restrictions increase

Due to increased fire danger and dry weather conditions, Phase A of the Public Use Restrictions (PURS) for campfires, smoking, off-road travel, and chainsaw use will go into effect on the Wallowa-Whitman National Forest at 12:01 a.m. (PDT) on Wednesday, August 3, 2016. The Seasonal Campfire Restrictions that are currently in place will also be in effect in Phase A of the PURS.

"Phase A is the second level of restrictions, generally implemented when the fire danger is moderate to high," said Bret Ruby, Fire Staff Officer on the Wallowa-Whitman National Forest. PURS are phased in collectively, as conditions warrant, and may differ from Forest to Forest.

On Wednesday, August 3 at 12:01 am (PDT),

Phase A of the Public Use Restrictions (PURS) will go into effect and will include:

Chainsaws may be operated only between the hours of 8 p.m. and 1 p.m. local time. A one hour fire watch is required after saw operations cease. Saw operators are required to have an axe (minimum 2 lb. head, 26" length), shovel (8" wide, 26" length), and fire extinguisher (minimum ABC 8 oz.) in their possession.

**Chainsaw operation associated with commercial and personal use firewood permits are regulated under the conditions of the permit, which follow IFPL levels and are not impacted by this public use restriction.

Smoking is allowed only in enclosed vehicles and buildings, developed recreation sites, or cleared

areas.

No off-road/off-trail vehicle travel or travel on roads not cleared of standing grass or other flammable material; no vehicle travel on those FS roads where access has been impeded or blocked by earthen berm, logs, boulders, barrier, barricade or gate, or as otherwise identified in the Fire Order.

Seasonal campfire restrictions and requirements described for June 1- October 31 apply.

Campfires allowed only in fire pits surrounded by dirt, rock, or commercial rings and in areas not conducive to rapid fire spread. All flammable material shall be cleared within a 3 foot radius from the edge of the pit and free of overhanging material. Use existing pits wherever possible.

Campfires must be at-

tended at all times, and completely extinguished prior to leaving.

Persons with campfires are required to have a tool that can serve as a shovel and one gallon of water in their possession.

The intent of this requirement is to ensure individuals with a campfire to have the tools necessary to completely extinguish their campfire.

Portable cooking stoves using liquefied or bottled gas and wood burning stoves equipped with a chimney that is at least five (5) feet in length with a spark-arresting screen consisting of 1/4 inch mesh hardware cloth are allowed.

Use of charcoal briquettes is permitted under the same restrictions as campfires described above.

Sportsman's Club events ahead

The weather-cancelled July Nostalgia Service Rifle match for the Powder River Sportsman's Club has been rescheduled for August 14 at 8 a.m.. Bring any service rifle placed into any military service during or prior to the Korean War for a fun and challenging mix of

slow and rapid fire from standing, seated, and prone positions at a 200 yard 5V target.

An additional Steel Varmint match has been scheduled for Sep 18 10AM. This match offers steel varmint silhouette targets at 200, 300, 385, and 500 meters. Bring

any rifle with any kit that can be carried to the line in one trip; firing is prone from any rest. Only a small handful of shooters have ever knocked over all 20 targets, though many have tried. Tip: if you shoot .223, bring a 69gr or heavier load, else the 500 meter coyotes may not fall. Steel or ferrous projectiles prohibited.

An NRA High Power Sporting Rifle match has been scheduled for Sep 11 9 a.m. Thirty-two shots at a 200yd NRA bullseye target from prone, seated, and standing positions, fired with a rifle that can hold 4 rds and weighs less than 9.5lbs.

This is a fun match and usually quite educational. Come on out!
