Work crew cleans up local ponds

On Saturday, September 10, 2016, Baker County Sheriff's Office Parole and Probation Division sent a community service work crew to the Haines Pond and 203 Pond in Baker County for litter clean up.

The work crew, supervised by Deputy Mike Dunn, filled the community service trailer with trash that has been accumulating at these two locations.

Both ponds are open to the public and family friendly fishing locations that were in need of cleaning. Now that trash has been removed, the Sheriff's Office asks that all users and visitors pitch in and pick-up after themselves and each other in a united effort to help keep the areas litter-free.

Community Service-Work Crew is either ordered by the Court or as a sanction by Parole/

Submitted Photo.

The Parole and Probation Division sent a community service work crew out to local ponds to clean up litter.

Pro Officers. Crews are dispatched to not-for-profit entities and other projects as approved by the Parole and Probation Division. Community service is a program that allows the offender to "pay back" the community for past wrong doings as well as teach work skills and work ethics.

Those individuals assigned to work crew also learn a sense of community pride. Due to budget reductions, work crew was not possible until recently when a grant was procured giving the Sheriff's Office the ability to again send crews into the community. The Work Crew has also completed projects at

the Wingville Cemetery, Halfway Rodeo Grounds, Haines School, Leo Adler Parkway and graffiti removal of the stone house near I-84. If you know of a project that the work crew could assist with, please contact Lt. Will Benson, Parole and Probation Supervisor at (541) 523-8217 or wben@bakercounty.org
