The Board discussed proposed mining of the Sumpter Dredge tailings, which included provided copies of a nine-page document, Baker County Mineral Right Lease, and a 10-page Baker County Mineral Leasing Rules (an ordinance), both in draft form.

Harvey said that the Board met with County counsel Drew Martin, who drafted the documents, and during this session, the Board also discussed details of the documents with Kerns, who assisted with the drafting.

The Board suggested and made several changes to the documents, in order to clarify details, and to move the process forward. Harvey said that the Board expects to adopt the ordinance during the next session.

Order No. 2017-155, An Order Directing The Baker County Sheriff To Make Sale Of County Personal Property; Fixing The Minimum Price And Providing A Portion Of The Conditions And Terms Of Sale, was approved, with a motion from Bennett, and a second from Nichols.

Harvey provided some background information, stating that the County has a tax lien against just the personal property within the building, at 1945 8th Street, and not the building itself.

The personal property (industrial baking equipment) was seized in 2015 due to delinquent property taxes, and the amount of the lien is \$7,950.38, which was set as the minimum bid.

The personal property is valued at \$171,669, and there will be a sale, by auction (the buyer needs to purchase all and remove all within 14 days), on Tuesday, October 3, 2017, 10 a.m., on the steps of the Baker County Courthouse.

Harvey said that one day before the sale, bidders will have an opportunity to view the personal property.

New child passenger law clarified

Please note this correction to last week's news release about the new child passenger law in Oregon (went into effect May 27, 2017).

The body of the news release was correct but at the bottom of that release, The Oregon Department submitted outdated information.

and sends their apologies.

Here's the correct information:

Oregon law requires children less than forty pounds be restrained in a child safety system.

Children under age two must use a child seat with harness in a rear-facing

position, unless the child turned one year of age prior to May 26, 2017.

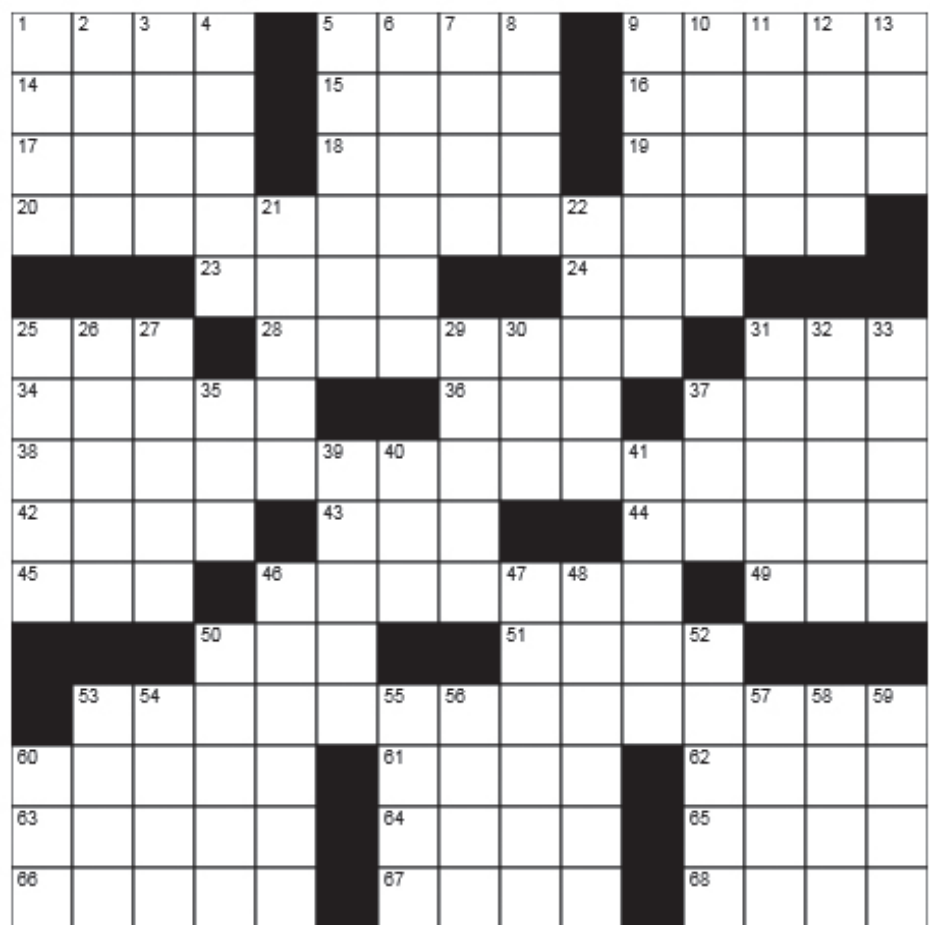

A child over forty pounds must be restrained in either a child seat or a booster seat appropriate for their size until they reach age eight or 4' 9" tall and the adult belt system fits them correctly.
