Search and Rescue recovers vehicle from Pond

Submitted Photo.

Divers secured tow lines to a submerged vehicle.

On October 10, 2017, Baker County Dispatch received information that a vehicle had been driven into the Haines Pond. Baker County Sheriff's deputies responded to the location.

After searching the area, deputies were unable to locate the vehicle or the subject involved.

On October 11, 2017, a local towing company contacted the Baker County Search and Rescue Team and asked for assistance with diving into a pond to recover a vehicle.

At that time, investigators were told that the

driver of the vehicle was Theodore Schadewitz.

Deputies contacted Schadewitz during the course of the investigation.

He was intoxicated and provided limited information about the incident.

Schadewitz mentioned that a passenger was in the vehicle but was unable to provide deputies with a last name for that individual. The passenger had been able to safely exit the vehicle.

Three Search and Rescue divers, as well as support personnel, responded to the Haines Pond.

The divers located the

vehicle and were able to secure the tow lines so that the vehicle could be recovered. Five Star Towing removed the vehicle from the scene.

The Baker County Sheriff's Office would like to extend our gratitude to the Search and Rescue Team. Search and rescue

members are volunteers who dedicate their time and resources to rescue and recovery operations.

If you are interested in joining the Baker County Search and Rescue Team, applications are available at the Baker County Sheriff's Office.

Oregon gets new plates

Submitted Photo.

Oregon vehicle registration plates are becoming easier to read at night with more reflective background sheeting. DMV will start issuing the standard tree plates with the new material in October. DMV's plate vendor, Portland-based Irwin-Hodson, is using new 3M™ HD License Plate Sheeting. The new plates will first appear starting with plate 001 KJW. The new HD sheeting is more reflective, secure and durable than the previous material.
