

Sunday, June 10, 1962 — At 2918 N. Interstate Avenue was the scene of a well-attended birthday party, given for little Duane Lee Johnson by his grandparents, Mr. and Mrs. Lee Johnson of the same address. There were many happy and busy little folks as the party progressed through the evening.

This photo shows little Duane as he poses with his mother, Bettie Johnson. He's a very active child. Photos by BALTZGAR

Speaking of knits, have you seen the new Orlon Acrylic knits this season? They are the knit version of the "sliver" dress. Perfect for air travel, these dresses can be rolled into a very small ball and packed. On arrival at your destination, they can be taken out, shaken, hung up and they are ready for wear.

It is reported that all the clothing necessary for a gay weekend can be packed in an average sized ladies purse, a jacket dress for daytime wear, when the jacket is removed and jewelry added, presto! An after five dress, perfect for wining, dining and dancing! Also carry a necessary item for summer fun — a swimsuit of the same material, with a matching beach dress. Each article weighs only a few ounces which makes them a traveler's dream.

These Orlon Acrylic knits come in marvelous shapes and colors, and have all the non-wrinkle virtues of their woolen kin. Besides, they are washable!

See you later to tell you about the return of "smocking" to the fashion scene — even in knitwear.

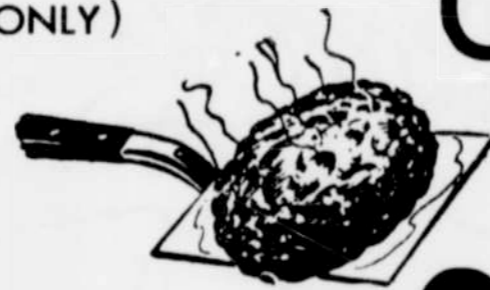

"Quit smoking—Get rid of that old brown suit stop seeing that awful Fred—ask for a raise."
