MAKE NO MISTAKE

For those seniors who plan to remain out of college a year, it is well that a word of farewell advice be extended. Be sure that at the end of that year's cessation from school work, to be resumed by starting to college or university, as the student has planned. Do not fail. It is the students own misfortune if he does not go on through college, and is beset by the temptations to get sidetracked from the higher education.

Keep in mind, the class motto, "We build for the future."

A year out is all right, but be sure that you eventually go to college if possible. And above all, keep in mind, that memorable Baccalaureate address by Mr. Main last Sunday and abide by his appeal to build our lives in conjunction with and for the mutual benefit of "The Higher Partnership."

THE PRINCIPAL'S FAREWELL

Students of Union High School, you are leaving school for your annual vacation. May it be a joyous and prosperous one. When you return in September, come with an enthusiastic earnest ambition to make a higher scholastic record than that of previous years.

To the Seniors who are leaving us, we bid them God-speed; and hope that they will go far in whatever line of work they may take up.

Farewells are sad occasions, they mean the partings of ways, and breaking up of ties of friendship, and so we will not say "farewell", rather we will say "May all go well with you until we meet again."

MR. GARY.

It is with satisfaction that the Amplifier reports the result of the recent Student Body elections. The suggestive list of candidates has practically become a reality. In most of the cases, the officers elected were those recommended by the Amplifier.

THE AMPLIFIER'S FAREWELL

The Amplifier reaches its final publication for the school year of 1923-24 with a feeling that it has entered the school life as a force for the advancement and betterment of West Linn High. The influence yielded upon the school augurs well for the coming years.

We thank our advertisers for their patronage during this year. With the aid of these business men and the help of the student body the future of the Amplifier seems bright. The Seniors on the staff this year take this opportunity to say their farewell. The graduates leave their good will to next year's staff.

1924 Green and Gold Book Published Friday, May 23

The 1924 issue of the "Green & Gold" was distributed at 8:30 on Friday morning, May 23. This splendid issue was published by the Senior class of U. H. S. It is of 104 pages and contains many interesting photos and write-ups.

The staff, composed of: Elsie Turel, editor; Veatrice Rauch, business manager; Garnie Cranor, assistant editor; John Moffatt, assistant manager; Glenn Smith, boys' athletics; Mary Zaniker, girls' athletics; Mary Louise Merrick, society; Jack Graw, jokes; Earl Schaubel, literary and snaps; Dennis Kidby, music; Evangeline Christiansen, debate; Miss M. G. Tobey, faculty advisor, proved to be very capable as is proved by this splendid issue.

All classes and organizations had photographs in this publication.

The cover is something different from that of former years and of a splendid quality.

The student body of U. H. S. as a whole should be extremely proud of their 1924 Senior class, which was able to publish this annual book.

CIVICS CLASS VISITS BARRACKS, POLO GAME GREATLY ENJOYED

On May 13, the third period Civics class journeyed to Vancouver Barracks. They started out about noon, ate lunch in Gladstone, and reached the Barracks in time to learn many interesting things about the life of the soldiers there, as well as to witness a polo game between Camp Lewis and the Boise, Idaho camp.

The students were very much interested in the game which they said was even more exciting than football and twice as dangerous.

Shop Ends Work

The students taking manual training and mechanical drawing have had a very successful year under the direction of Mr. W. W. Davis.

There are 31 boys who take manual training. They have made during the year the mechanical drawing desks and also many other pieces for themselves.

One could easily see by exhibition on May 16, that they have had a very successful year.

The 44 students who take mechanical drawing have also had a successful year, and many excellent plates have been made.

The poet laureate of England gets a yearly salary of \$360.

Iceland has decided to return to the primitive life. In an effort to improve the value of the Icelandic crown it has decided to prohibit the importation of ready-made clothing, shoes, bread, butter, margarine, cheese, salt, fruits, leather and in fact nearly everything manufactured by civilized man.

The new Russian Soviet Navy flag has a red field with a white circle in the center, from which radiate eight rays, two perpendicular, two horizontal, four diagonal. Inside the circle is a large five-pointed red star upon which is emblazoned a hammer and sickle in white.

Miss Haskell—What is a kitchen?
Myrtle G. T.—A kitchen is a place where the wife opens cans.

THE SCARLET POPPY IS THE LEGION FLOWER

The scarlet poppy has been adopted by the American Legion for use on Memorial Day in honor of the men who fell in France. It will be worn by the members of the Legion. And its similar use on Memorial Day by all the public is urged. Usually the legion sells these flowers and from the proceeds of the sale contributes to the care of the orphan children of war veterans.

A memorial window designed especially in honor of Joseph Jefferson, the actor, will soon be placed in a wall on the sunny side of "The Little Church Around the Corner" in New York City.

VACATION TIME!

You've seen our ads here, perhaps, in every issue during the past year of the "Amplifier."

We've watched the splendid progress of Union High School and at this time want to wish its students, faculty and graduating class a pleasant vacation time and a useful summer.

You'll find us ready to serve you, too, in vacation time as well as during school.
