It is very obvious that Mel McLarty still believes that the U. S. navy and a certain gob are all right. She doesn't even flirt with any of the boys in the hall any more.

It seems as though Buck Barry has hired Smitty as his private chauffeur, while he and a cute blonde occupy the back seat. Sounds like a good idea.

J. P. Brown really swings a real "Paul Jones" a couple of Wednesdays ago. It was notice that when he had every body stop to dance he was standing alongside a very cute blonde. Hmmm, how odd.

Bobs Donovan and Larson giving their Hi-Y pins to the "Sisters" in Bolton.

Another Bob seen with Verle Day at the Forest Grove game. It is rumored that they are both rather short.

A dark haired junior, of the female sex was supposed to have said, I don't quote,—If you kids must know, I go steady with a college boy—the later phrase is quite true. I believe the college referred to is O.S.C.

Jack Hollenbach finding something of interest at O. C. Hi. I think it is a certain little Eva.

Boy, did those "B" squad players, go for those Beaverton gals after their game.

Guess what, Chick Elliot and Bud Merkle going to their English class. I couldn't decide whether Mr. Goetzl was glad, sad, or overly surprised.

Lake Grove Aces Defeat Faculty

BY BUD MERKLE

Last Friday afternoon, a group of talented basketball artists from Lake Grove shellacked the local faculty by the convincing score of 19 to 18. Only once during the course of the entire contest were these "hotshots" from Lake Grove headed, this one time being as the faculty made the first basket on a "trick" play. This play was executed perfectly as "Kenny" Oliver tried to pass across the keyhole to "Eddie" Goetzl, but his pass was deflected by the hands of "Chet" Tunnell and bounced into the basket for the initial score of the game. "Chet" Tunnell led the faculty scorers while Snider and Harold Ness led the Lake Grove assault.

stated that they desired quite a few pictures.

Several students gave their opinions of how the school and various organizations should be run while others felt that things should be left as they are.
