

SPORTOSCOPE

(Continued from Page Three)

Stanley right behind him. It wouldn't surprise me at all to see a new state mark in the mile this year. In the half mile, Ivan Solomon has been training diligently, and confidentially he looks pretty good. Running the 440 will be Chuck Holmes, George Nizich, and I don't know who else. Marion Christenson and Jack Bevens will probably carry most of the burden at the high-jump this year, and very ably, I assure you. Christy managed to get up to around 5'7" or 8" the other day, which is plenty good for this early in the season. Maybe we'll have another Les Steers. Working out at the pole vault has been Don Allen and, although I didn't measure it the last time I saw him, it looked way up to me. Fred Molzan will do double duty this year tossing the shot and discus, and even if he didn't get any better, he'd be a threat in any man's meet. Skimming over the high sticks is John Sonderer, he also does the low along with a few others like "Eggy" Smith and Forest Kemhus, and doing the 220-yard dash will be, I don't know who, probably Lloyd Allen or Harold Willis. Last, but not least, is the 100-yard dash, and at present Wally Johnson and yours truly are doing the honors, believe it or not.

It is said that spring turns a young man's fancy, But not to the well-known thoughts of love activity. Nowadays they are more important to earn these cups, it must be important that everyone know about them. Many students interviewed mentioned the fact that most other schools have their trophies

Maple Home, Scene Of Library Initiation

New library club members found out something about the trials primitive man went through, when they attended an invitation party at the home of Delia Ann Maple in Jennings Lodge, March 25.

These ultra-modern lassies ate with toothpicks, gravy ladles, potato mashers, pancake turners, wooden spoons, and butcher knives, instead of the classical knives and forks. They didn't even have the comfort of tables and chairs, but sat on the hard, uncomfortable floor. Dawne Williamson didn't have much success trying to eat her jello salad with a pancake turner.

Initiated were Dawne Williamson, Agnes Gawlista, Roberta Dallas, Jean Chambers, and Mary Ann Toman. Others attending the party were Louise Muylle, Frances Buche, Nancy Parker, Irene Hochstatter, Betty Rinearson, Ruth Tatro, Delia Ann Maple, Miss Bennie Margaret Davis, Mrs. Mabel Christenson and Mr. and Mrs. J. C. Maple.

P. Knox Presents Xylophone Program

A musical program was presented by Pierce Knox, a blind xylophonist, in the auditorium this morning at 10:30 a. m.

Mr. Knox, who is 20 years old, is one of the world's greatest blind musicians. Pierce was awarded the gold medal for xylophone solo work at the National High School contests at Cleveland, Ohio, and he played for Ripley's at the New York world's fair.

He has just completed a very successful tour of eastern colleges and high schools—including Notre Dame university.

Between musical numbers, Mr. Knox demonstrated and explained the Braille system of writing. By means of an electrical device the audience could see just what a blind person does when he writes.

This concert is directed by the "National Transcribers Society for the Blind," an organization employing the blind to make Braille books for other blind to enjoy.

Red Cross Aided By Home Ec Girls

Mrs. O'Reilly's Home Ec. III classes, in their study of clothing construction have now completed a number of articles for the Red Cross. Each girl who needed experience in sewing on new material, yet did not wish to make a new garment for herself, after her own wardrobe was in good condition, made clothes for the Red Cross.

Mrs. Maxwell, head of the Red Cross in Oregon City, provided the pink, blue, and white outing flannel, from which the dresses, wrappers, night gowns, blankets, caps, and shirts were made. Some girls put decorative stitches around the edges, or embroidery work on the dainty little dresses.

After the flannel was completely used up, the seamstresses made skirts for eight-year olds from wool material.

All the clothing was made according to Red Cross specifications and standards.

In the last two years the Oregon City boys have come back with high scoring in first aid, and in 1939 they took first place in parliamentary procedure.

He: "Please ——" She: "No!" He: "Aw, please—" She: "No!" He: "Even if I told you I love you more than anybody in the world." She: "Positively not!" He: "Aw, but mother, all the other freshmen stay out after nine o'clock."—Dennisonian.
