

IF I AM ELECTED

—The Candidates Express Their Views—

"I Vote For Waldo Silvers"

BOB DAGGET

One of the outstanding candidates for president this year is Waldo Silver, who has been active in football, basketball, and baseball. His leadership ability has been very ably demonstrated as he was president of his class his sophomore year, secretary of the International club, and is secretary of the police force, secretary of the Hi-Y and vice-president of the Honor society.

Waldo refrained from making a statement but let it be known that if he is elected he will do his utmost to make next year one of the most successful West Linn has ever had.

GAYLE ZANIKER

FOR

SONG QUEEN

If you elect me to the office of song queen, I will endeavor to attend all school activities, lead the songs, and help lead the yells. I will try my best to keep and promote more school spirit.

LISTEN

by DON DENNIS

For the past two years I have been working in student government--just long enough to see that there should be "some changes made." Unfortunately it is now impossible for me to tell you what I have found out. What I ask is a chance to get at the root of the trouble before student self government becomes a thing of the past. When I know that I have the students squarely behind me I will be able to do what I know is right and say what I have to say.

I think I know what the students want and I am sure that I have found out the steps necessary to see that they get what they want. I pledge myself to fight for what is best for the students of West Linn and I know that I'll find the students willing to back me up.

"I'M FOR BOB McANULTY"

(PETE BLYTH)

A president of the West Linn Student Body should be well liked should have experience and according to all the TRADITION 'of this school should be a Senior when he is in office. There was one exception to this tradition but that was way back when West Linn was a very small school. Bob McAnulty is very well liked, he is at present Junior class president and next year he will be a Senior. This upholds all the requirements for a Student Body President at West Linn.

It is sincerely hoped that you as a voter will put all the other candidates through this acid test and then arrive at your decision which I am sure will be Bob McAnulty.
