

Bill Bartholomew for vice president by PETE BLYTH

Being a Vice President is not considered a very responsible position and some voters take this attitude and vote for their friends. This is not a good idea for the Vice President is one of the hardest workers in the Student Government. For this reason the ideal candidate is none other than that outstanding Bill Bartholomew who is able and really wants this Office. Match him with all the other candidates and when the time comes for the voting keep him in mind.
