

THANK YOU

... for all your hard work and dedication. This Workers' Memorial Day, Kaiser Permanente celebrates a skilled workforce. By teaming up with the Northwest Health Foundation, we awarded \$50,000 to Oregon Tradeswomen Inc. (OTI).

The grant will allow OTI to offer a seven-week course teaching math skills, resume building, and career plan development to an additional 148 women in the building trades this year.

We work with groups like OTI because healthy communities require more than just good medical care.

Have a safe Workers' Memorial Day.
