

A HEALTHY REUNION

Kaiser Permanente is excited to serve the members of UFCW Local 555

We're glad to be back with exciting new health care choices for members of UFCW Local 555 covered by the Employers Health Trust.

And it's a natural fit. Our first customer base in the 1930s was almost entirely union members, and today more than 80 percent of our employees are union-represented.

We've grown a lot over the last few years. Expanding service. Garnering top doctor accolades. Earning recognition for our health and safety record at Kaiser Permanente Sunnyside Medical Center. And we opened Kaiser Permanente Westside Medical Center, the first new hospital built in Washington County in 40 years.

To our UFCW members, enjoy the power of choice when it comes to staying healthy. Your special open enrollment is **March 10-31, 2014**.

To our other union friends here in the Northwest, please join us in creating a healthier workforce.
