Happy Holidays
from your friends at **AFT-Oregon**

Pac/West wishes you and your family a Happy Holiday!

We have more than two decades of experience fighting alongside organized labor and we look forward to building on our success in 2015.

- Protecting and expanding prevailing wage laws
- Securing funding for infrastructure projects
- Siting major industrial/manufacturing facilities
- Advocating for a "Buy America" standard for materials and local workforce utilization
- Protecting union health care trusts from unfair taxation
- Fighting against the anti-union agenda trying to make Oregon a Right-to-Work state
