

Dear Union Brothers, Sister and Siblings,

Most of you know that Sunrise Dental is Union and the largest network of independently owned dental offices throughout Washington and Oregon. That we are a voluntarily Unionized group of dentists who morally believe that taking care of their employees and patients are their number one priority. During these difficult times our owners and over 350 Union health care workers who work in our facilities are asking

“How can we help our Union Sisters and Brothers.” We came up with an answer. The Sunrise Dental Emergency Network. This will give your union members a place to go if a dental emergency occurs, as most dental facilities will be closed and not accepting patients at all. This will also help to avoid those dental emergencies going into our local hospitals during a time when we need to prioritize those services for people who are affected by this pandemic.
