

BUILDING COMMUNITY

LCSA raising funds for Presents from Partners event

Holiday season is here, which means it's almost time for Presents From Partners, sponsored by Labor's Community Service Agency (LCSA).

In 2020, the agency saw an increased need within union families that could not be ignored. Many struggled due to the impact of the pandemic. In partnership with 50 unions, the Presents From Partners event transitioned from an in-person holiday party into a COVID-

safe, delivery style model.

LCSA served 500 children with fun toys, stockings stuffed with goodies, a catered holiday meal, and a gift for their parents. Ninety volunteers pulled this off during the height of the pandemic. Now, a year later, LCSA finds that many are still in similar situations, and in need of assistance this holiday season.

Once again, LCSA and its union partners are prepared to make it happen. The event is

funded entirely by donations from supporters of labor, the Northwest Oregon and Southwest Washington labor councils, and United Way of the Columbia Willamette.

If you are able, donate online at LCSAportland.org/donate or mail a check payable to Presents From Partners to Labor's Community Service Agency's office at 9955 SE Washington St #301, Portland, OR 97216.

We're hiring a SQL Developer

Worksystems is an award-winning nonprofit organization serving Multnomah and Washington counties and the City of Portland whose mission is to build and invest in a comprehensive workforce development system that supports individual prosperity and business competitiveness. We offer excellent compensation and benefits and an innovative work environment.

Join Worksystems and make a difference!

The SQL Developer is responsible for using their knowledge of programming languages to design database applications. Duties include collaborating with the Information Systems team to understand needs and requirements, coding, and testing to ensure functionality and updating database applications to refine components like cybersecurity measures and data storage capacities. The position reports to the Director of Information Systems and takes technical direction from both the Database Administrator and the Information Systems Business Analyst.

NOTE: Due to COVID, we are currently working from home. It is anticipated that this position will be full-time remote, however some travel or in-person meetings may be required. Must be a resident of Oregon or Washington. Worksystems is a federal/state contractor. As such, we are subject to vaccine mandate(s) and follow the CDC guidelines for public health emergencies. Proof of being fully vaccinated is a requirement of employment.

Application instructions:

Please submit a cover letter, resume, and three professional references to: hr@worksystems.org. See our website for qualifications, desired skills, and a full job description — www.worksystems.org. Position is open until filled. First review of resumes is January 3, 2022. Salary Range: \$76k — \$115k - Exempt Status
