

New Park Playground Equipment

A new playground structure was installed at Hawkins Park just in time for the start of summer. The new structure was purchased with Parks System Development Funds which can be used to expand capacity of city facilities. Looks like the new equipment is already being put to good use.

Washington Grade School Field Day

WGS Students enjoyed an afternoon of fun activities like tug-of-war, sack races and waterballoon tosses at the end of their school year

Graduations

Vernonia High School students weren't the only ones who celebrated a graduation last month. The Vernonia Middle School promoted the Eighth Grade class of Toppers, who will move onto become Loggers next year. The Vernonia Head Start also sent this years class onto Kindergarten with a ceremony complete with caps, gowns and tassels.

STRAND ROCKS THE BLUE HOUSE

Strand, a local band that plays all original music played at the Blue House Cafe on Father's day evening to a packed house. Members Lynn Berry on bass, lead singer Chris Sedlmeyer and Jerrid Sedlmeyer on guitar, have been playing together for years. Newcomer Richard Harutunian recently joined them on drums. The band sounded great! Make sure to check them out next time they play in Vernonia.
