Vernonia Students of the Month

November 2012

Jared Scheuerman, Grade 3

Jared does an exceptional job of following school rules, especially the three B's and is an especially polite young man. Jared says his favorite subject in school is Reading. He participates in and really enjoys being part of Boy Scouts. Jared says he also really enjoys reading the book series, "Diary of a Wimpy Kid."

Amanda-Rose Sicard, Grade 8

Amanda-Rose Sicard is a very hard working, dedicated and responsible young lady who has a very big heart. She is always willing to lend a hand if her classmates need it. Amanda has an infectious personality. She wears a smile on her face, is always happy to see you and is a pure joy to teach. When asked what her favorite subject is in school, Amanda says all of them! She plays volleyball and basketball. In her spare time Amanda says she likes to draw.

Marcus Leonetti, Grade 12+

Marcus was in the class of 2012 but that did not graduate. He decided to come back and work on earning his GED. He has had regular attendance, works hard on his subjects, and is ready to take the reading test. Marcus says he may also try to earn his diploma as well. "You mess up a little bit in high school and you make some poor choices and so you have to pick yourself up later down the road," says Marcus. "It's difficult to get yourself back in the right place but I feel like I'm doing that." Marcus works at Mariolino's restaurant. In his spare time Marcus likes to cook, play video games and design things on the computer.
