you do and for what you don't do, so keep it positive! You have a take charge attitude. Money matters begin to move forward in the last ten days of the month. In love, sharing philosophies and good times, as well as professional goals...not only intimate moments.

Gemini (May 21-June 20) Your love life intensifies, particularly on the 1-2 and 6-7. Feelings are running deep. You must watch for possessiveness. Though you may be feeling a little low on energy until the 18th, your confidence builds in the last ten days of the month. Projects and personal initiatives get a second wind. Travel opportunities and other adventures will pull you out of your daily routines.

Cancer (June 21- July 22) Career matters begin to improve considerably. Career opportunities aren't likely to present before March, so prepare, remove obstacles, and be patient. Romance deepens and intimacy is heightened. In general, your libido increases in February. All issues will benefit through discussion, good health, and being excessively practical. Work at work.

Leo (July 23- August 22) Negotiations and diplomacy are highlighted this month. It is a good time to begin new relationships or re-define existing ones. You might find that you are dependent on someone else in move your life forward. Love may be more practical than fun until after the 17th, when things warm up considerably. Reassess your budget rather than leaping into big purchases.

Virgo (August 23- September 22) A solar eclipse brings about a need for more satisfaction from your work, while a lunar eclipse activates an urge to change your personal image. You have been changing on the inside and want it to be reflected on the out. You will be more decisive after the 18th. While change is inevitable, give matters the time they need to unfold naturally. Look for

romance on the 6-7.

Libra (September 23- October 22) Your creative juices are flowing and fun is highlighted. You may become aware of your need for approval and feedback from others. You like to know how you impact others. Partnership matters improve tenfold. You may feel that you and your partner are finally on the same page. Opportunities may occur on the 1-2 and 6-7, when cosmic forces favor you on a mental level.

Scorpio (October 23- November 21) This will be a strong month for making long-range plans for the future. Home improvement is a focus. Work matters that have been stalling improve and projects move forward. Tensions in a partnership or shared financial matter ease near the 18th. A friend will be in need around the 20th, and you are more than willing to help out. Social situations will be a breeze.

Sagittarius (November 22- December 21) You find yourself at ease in the world of your mind this month. Developing a mental connection with others is satisfying right now. You will need to watch your spending while your desire for comfort and the good life take hold. Romance improves after the 18th. Before then, your

partner may seem distant. Activity in the last week of the month surrounds your career. You are required to be on your toes.

Capricorn (December 22- January 19) You feel quite at ease expressing your more playful qualities. Money matters are strong, but so too is your desire to spend. An idea for making money is likely to occur around the 10th. This can be a fabulous idea, but it will take time to develop a realistic plan. Improvement in family life and in your job happens after the 18th. A career opportunity could present on the 1-2.
