This is not a balanced month. A solid base and sound judgment will be needed to maintain comfort and security.

ble using clouded judgment. Beware of excessive spending. You have opportunity to stand out, have success, and increase your prestige. Make significant decisions after September 22. Don't let yourself be fooled by the mirage of easy money.

Virgo (Aug. 23-Sept 22) A new love may begin, or it could be about reconciliation, confirming feelings, getting engaged, and so on. If you're already in a committed relationship, life together is cheerful and blessed with fulfillment. Get involved in solving an issue to do with home,

family, or property. Do not fall prey to excess and carelessness. August is not entirely without risk.

Libra (Sept 23- Oct. 22) It will take work to keep harmony in your relationship. Get busy working with your partner. Join efforts to achieve something together – the best goal would be to do something for your home. Next month will be a lot happier. Show restraint when it comes to money. Listen to your body. If you think something might be wrong, go to the doctor! Avoid mental over-exertion!
