DEATH OF JUDGE WALTON.

Pioneer of Lane County Passes Away at His Home in Eugene.

The Hon. Joshua J. Walton, one of Eugene's pioneers, died suddenly while yet in bed at his home in Eugene at an early hour Monday morning and was found dead when members of the family went to his room to call him to breakfast.

He was born at Rushville, Ind., April 6, 1838. He came across the plains with his father and mother, Joshua J. Walton, Sr., and wife, in 1849, first settling in the gold fields in Northern California. They came north to Oregon in 1852, taking up a donation land claim on Wagner creek, near where the city of Ashland now stands. They came to Eugene in 1858, where Mr. Walton had resided continuously since with the exception of a year or two spent in the mines of Idaho.

He was admitted to the bar in 1863 and continued the practice of law up to the present time. He was elected county judge of Lane county in 1868 and served four years. He was appointed to office by Governor Grover in 1875 and was elected again next year, serving the full term of four years. He has filled various municipal offices and served on the school board and was a member of the Oregon legislature at one time. He was one of the founders of the University of Oregon and for three years after its establishment was a member of the board of regents, serving as secretary to the board for years after his term expired. He was one of the most prominent Odd Fellows in Oregon having been a member since 1861. He was past grand master and past grand representative to the supreme lodge, having attended several supreme grand lodges. He was also a past master workman of the A. O. U. W. and a member of the State Historical Society.

TWAS PLEASANT GATHERING.

Methodist Brotherhood Enjoys Splendid Program Tuesday Night.

The gathering of the Methodist Brotherhood at the church parlors on Tuesday evening resulted in both pleasure and profit. The attendance was comparatively large, and all entered into the spirit of the occasion with no inconsiderable amount of enthusiasm. After the business session the following program was rendered:

Song, selected, Brotherhood.

How the Brotherhood may help to make Cottage Grove a better place to live, A. J. Armstrong.

General discussion.

Vocal duet, selected, Messrs. Van Winkle and Harris.

How Brotherhood may assist in building up and maintaining men's classes in the Sunday schools, J. B. Simeral.

General discussion.

Violin solo, selected, Gilbert Tyson; Warren Glaze accompanist.

Ways in which Brotherhood may benefit and be helpful in a literary manner, W. C. Counter.

General discussion.

Quartet, selected, Messrs. Van Winkle, Harris, Counter and Conner.

System by which Brotherhood may aid humanity in sickness and distress, L. A. Ralston.

General discussion.

Blest Be the Tie, Brotherhood.

Will Plant Many Trees.

The horticultural programme for the coming year in Lane county includes the planting of 1000 acres of all kinds of trees and small fruits. This much is now known and has been planned for. Of course many acres more will be provided for during the year. It is confidently predicted by local horticulturists that within the next five years Lane county will become one of the strong fruit producers of the state and will rival Hood River and other fruit sections.

A Pleasing Entertainment.

The entertainment given last Friday evening under the auspices of the Christian Endeavor society of the Christian church was very creditable, and netted a snug sum of money. Two short plays were rendered, "His Old Sweethearts," and "An Interrupted Proposal," both of which were highly pleasing to the audience. The old-time recital by Mrs. Ora Hemenway's pupils proved an interesting feature of the evening.

Junction Defeats Nesmith.

In an interesting game of basketball played at Junction City, Friday evening, between the Cottage Grove team and the Junction City Pirates, Junction City won out by a score of 28 to 10. At the end of the first half the score stood 8 to 6 in favor of the Pirates. The last half was much faster than the first, and Junction succeeded most of the time. Both teams did excellent work.
