GREAT REDUCTION IN PRICES OF SHARPLES CREAM SEPARATORS

Here are some of the reasons why the new Suction Feed "Sharples" is the best Separator on the market:

The ONLY separator that skims clean at any speed. By turning the crank faster, you finish sooner, but the creamtest is just the same.

The ONLY separator with knee-low supply tank.

The ONLY separator with a Tubular Bowl—no discs or cups to clean.

The ONLY separator with entirely automatic oiling system. Oil tight gear case—oil once a month only.

Has ONLY about one half as many parts as most other separators, therefore easiest and quickest to wash. (Ladies take notice.)

Do not buy a cream separator until you have looked at a Sharples.
