Edwards-Coffey.

Portland, Ore., Feb. 5.—A lovely bride was Miss Marion Coffey, daughter of Mr. and Mrs. John B. Coffey, whose marriage to Mr. Warren Edwards, of Eugene, was solemnized Saturday evening at 6 o'clock, the Rev. Father Fletcher officiating, in the presence of the immediate family, at a simple ceremony at the home of the bride. Palm, spring flowers and greenery made a fitting background for the tall cathedral candles which glowed at each side of the improvised altar. Mr. John Chire Monteleith sang the bridal hymn preceding the ceremony.

Spanish lace combined with kitten's ear crepe of old ivory tones, with a tunic of crepe georgette, was used for the wedding gown and worn with a headress of lace and orange blossoms. The bride's bouquet was of orchids and roses with frezias.

Miss Valerie Coffey, sister of the bride, was her only attendant. Her gown was a lovely model of orchid toned crepe combined with changeable silver and neutral taffeta. Miss Coffey carried a bouquet of daffodils.

The bride was given in marriage by her father, and Mr. Joseph Sheehan, of Eugene, was best man.

Following the wedding ceremony was a reception for more than one hundred guests. Mr. and Mrs. Coffey received with the bridal party, Mrs. Coffey wearing a smart costume of cream lace and a corsage of orchids. At the collation table were Mrs. Joseph Sheehan and Mrs. Harold L. Temple, who were assisted in serving by Miss Frances McGill, Miss Caroline Cannon, Miss Marie Scranous, Miss Mary Warrack, Miss Donna Spencer and Miss Carol Montague. Others who assisted were Miss Katherine Corbin, Mrs. Henry Clay Judd and Mrs. Leonard Hurst. Following a brief wedding trip Mr. Edwards and his bride will make their home in Eugene.

Oregonian: Warren Edwards, war veteran and business man of Eugene, with his bride, formerly Miss Marion Coffey, registered at the Benson hotel Saturday night. Edwards was known to his comrades of the 364th ambulance company of the 91st division as "Pee Wee." He enlisted with the University of Oregon unit early in the war and accompanied the organization overseas. Upon his return to this country he engaged in business in Eugene. Following his wedding Edwards went to the Benson hotel and pleaded with Harry Carroll, cashier and one of his wartime comrades, to keep his name off the register. "I don't want any of the old Powder River crowd to know where I am," he declared.

IMPROVEMENT OF HIGHWAY AT JUNCTION CITY IS ASKED

The improvement of Pacific highway between Junction City and the Harrison ferry is desired by the people living in that portion of the county. A large delegation called upon the county court Monday and presented a petition asking that this portion of the highway, about four miles in length, be placed in better condition.

The petition states that the road will soon be impassable to any but light traffic, that it is an important market road over which hundreds of people travel and its improvement is quite imperative.

The state highway engineers, in making a survey between the ferry and Junction City, located an almost entirely different route and in view of this fact members of the court are in doubt as to the advisability of expending a great amount of money on the old road. Just where the money would come from is another problem, assert members of the court.

WANT RAILWAY TO LOWER TRACK GRADE AT CRESWELL

The state highway commission and the Lane county court are in perfect accord over the matter of building the overhead crossing near Creswell this year. The plan of the commission call for the lowering of the grade of the Southern Pacific company at that point, as desired by the county court, but the company does not evince a desire to lower the tracks this year.

J. M. Devers, attorney for the state commission, has written to Judge Barnard saying that the county should interpose objections to the installation of a crossing which does not include the lowering of the tracks.

FIRST CONTRACT IS LET ON 1922 HIGHWAY WORK

Warren A. Roberts, of Elmira, has been awarded the contract to clear and grub the right of way for the Elmira-Noti highway to be built this year with Lane county bond money. The contract calls for the completion of the work by April 15. It is expected that construction will begin long before that date, as the clearing and grubbing work at one end will be out of the way. Roberts' bid was \$2450.

The county court is now advertising for bids to clear and grub the right of way of 7000 feet of new highway between Natron and Jasper. This section, too, will be built with bond money.

As soon as the engineers' figures on several of the highway projects are completed, bids for construction will be asked for on those which the county does not intend to build with its own road construction equipment.

PREPARATIONS BEING MADE TO EXTEND POWER LINES

Consideration of the question will come up at a later date. J. C. Thompson, assistant treasurer, and H. G. Sharp, engineer of the company, who have been in this part of the state during the past few days, presented the outline of a proposed route for the pole and wire line from the Douglas county boundary to Springfield, where it will connect with the plant of the Mountain States Power company which has contracted for a large amount of electrical energy to be furnished to several valley cities and towns.
