

Groceries

are one thing you have to buy almost every day, so it is important that you get them where service and quality are to be obtained at the lowest prices.

A trial will convince you that this store satisfies each requirement fully.

Your Eyes and the Movies

Do you enjoy the movies as much as your friends do? Can you see the actors' eyes and read letters on the screen?

Long continued, tense gazing, especially at badly worn films, is a great strain on the eyes.

If your eyes bother you, have them properly examined. A good pair of glasses is needed, may double your pleasure, and also make work easier.
