

# The Cottage Grove Sentinel

VOLUME XXXII

COTTAGE GROVE, LANE COUNTY, OREGON, FRIDAY, APRIL 21, 1922

NUMBER 32

## SERVICE FOR U. S. CAUSE OF LAST ILLNESS

William E. Ostrander Succumbs to Sickness Contracted With Forces in Siberia.

William Egbert Ostrander, son of Wm. H. Ostrander, died at 7 o'clock Monday evening at the family home. He had never fully recovered from the effects of pneumonia and influenza contracted while with the United States forces in Siberia. The immediate cause of death was a severe hemorrhage. The funeral was held Wednesday afternoon from the chapel, Rev. J. E. Carlson officiating. Schools and business houses closed during the services and not half of those who attended the services could get into the chapel. The floral tributes were magnificent.

The pallbearers were George McQueen Jr., Kenneth DeLassus, Wilbur Spray, Donald Woods, Kenneth Spencer and Merville Vetch, life-long chums and schoolmates.

Willie was born here June 19, 1900, and spent his entire life here until going to Portland in 1918, where he was a conductor on the street railway. He enlisted in the navy July 10, 1919, and went to Siberia with the 27th medical infantry. While 2800 miles in the interior he was stricken with influenza and pneumonia and was sent to the evacuation hospital at Vladivostok. From there he was taken to the Sternberg hospital in Manila, from there to the Letterman hospital in San Francisco, where he remained until coming home January 1, 1921. He remained here until April, going then to the Cushman hospital in Tacoma, from there to Arrowhead Springs, near Los Angeles, and from there to Tucson, Ariz., from which place he returned six weeks before his death.

Surviving relatives are the parents, Mr. and Mrs. Wm. H. Ostrander; a sister, Mrs. Clarence Spencer, of Craig, Alaska, and two half sisters at home, Helen and Harriett.

## W. E. GILSTRAP WRITES OF SORROW IN HIS FAMILY

Conflicting reports have been received here as to the sickness and death of members of the W. E. Gilstrap family, which recently moved to Myrtle Point. A letter from Mr. Gilstrap to Mr. and Mrs. E. U. Saltsman states that little Maxine took sick a few days after their arrival, with what at first seemed a severe cold, that no doctor could be secured, that she did not respond to the medicine secured for her, that she was taken to Myrtle Point for medical treatment, dying from diphtheria an hour after their arrival there. Mrs. Gilstrap came down at Myrtle Point with the same disease and died just a week later. Ethel was seriously ill at the time, but is now out of danger. Mrs. Gilstrap and daughter were buried in the Norway cemetery, near Myrtle Point.

## MRS. EDNO O. ELLIOTT PASSES QUIETLY ON

Mrs. Edno O. Elliott passed quietly away at the family home on the west side Thursday evening of last week. Her condition had been critical for some time. The funeral was conducted from the chapel Monday afternoon by Mrs. Potter, of the Christian Science church, of Eugene, Miss Gladys Keeley, also of Eugene, sang, and the casket was banked with flowers. Interment was in the A. F. & A. M. I. O. O. F. cemetery.

Georgia Plummer was born in Wintertop, Me., June 18, 1872. She was married there to Edno O. Elliott in 1903. Mr. and Mrs. Elliott came to Cottage Grove in 1912. A son, Horace Albert, was born to them the following year.

She is survived by the husband and son, of this city; the mother, Mrs. Julia R. Plummer, a sister, Mrs. E. B. Lowe, and an aunt, Mrs. J. H. Mullen, all of Los Angeles.

Mrs. Plummer, who had been with her daughter for several weeks, will make her home here for the present.

## Mrs. Bruce Stewart Dies.

Mrs. Bruce Stewart, of Springfield, died Thursday of last week at a Eugene hospital. She was born in Cottage Grove October 4, 1898, and was aged 23 years. She leaves a husband, three children, her parents, Mr. and Mrs. Z. T. Collins, and four sisters, Mrs. O. O. Voss, Mrs. Lester Millieu, Mrs. Ray Perry and Mrs. Forrest Fritts, all of Springfield. Services were conducted at Springfield Saturday afternoon and interment was in Laurel Hill cemetery.

## GRANGE RESOLUTION IS TO RECALL BOND ISSUE

Cottage Grove grange has gone on record as favoring the recall of the unexpended portion of the \$2,000,000 of county road bonds, giving as its reason for such action that taxes are becoming burdensome and oppressive, with a tendency towards annual increase and that but 50 per cent of the money spent for roads actually goes into the roads. It also went on record as opposing the further issuance of bonds of any character and as opposed to the elimination from the tax rolls of such institutions as the Mercy hospital at Eugene.

## Spearow Wins More Honors.

Rev. A. E. Spearow, who is known as plain Ralph when in athletics, won two of the three events which he entered in the relay carnival held on Hayward field, Eugene, Friday and Saturday, and was the high point man. The two events he won were the pole vault and the broad jump. He will represent Oregon at the Penn State meet.

## DIGGER SQUIRRELS WANT TO KNOW IF SENTINEL HANDS THEM WRONG DOPE

A large number of digger squirrels have sent queries to The Sentinel asking to be informed as to the location of the rodent poison which The Sentinel a week ago announced as having been conveniently placed for their gastronomic delectation. The inquiries indicated that the diggers were very much concerned and the implication was plainly implied that the Sentinel had been misleading them and was attempting to needlessly frighten them, greatly to the damage of their peace of mind.

Upon inquiry of the grange committee, which has charge of the rodent control campaign, it was found that The Sentinel had unintentionally spread misinformation and that the poison had not been spread at all. The poison had been taken by the farmers but they had been waiting for an agreeable day for putting it out. It is probable that fully 1000 pounds will be placed, so that the diggers need not feel that they are in any danger of being neglected.

## JOHN NOKES PAYS DOLLAR FOR VIOLIN FRAGMENTS; THEY'RE NOW WORTH \$500

Some months ago John Nokes paid \$1 for the fragments of a violin which he had not seen. Today the assembled fragments are worth \$500. The fragments were at the time of the purchase lying in a deserted cabin in a logging camp, but Nokes thought he couldn't lose very much on the transaction, so took the chance. When the fragments arrived he put them together and shaped a violin. A little later he was visited by his brother Joe, who is a guest at the soldiers' home of Washington state. He offered \$15 for the revamped instrument, which offer was accepted with alacrity. A few days ago brother John received word from brother Joe that he had refused offers of \$200, \$300 and \$500 for the instrument.

## COTTAGE GROVE STUDENT IN CLOSE CONTEST

Brighton Leonard Comes Near Being Elected to Presidency of High School Editors.

Brighton Leonard, of this city, was very much in the running for president of the State High School Press association, which held its session at Eugene Friday and Saturday in conjunction with the session of student body presidents and secretaries. He was defeated by Harry Johnson, of Jefferson high, Portland, after a spirited contest.

The sessions were addressed by J. A. Churchill, state superintendent of schools; by President Campbell, of the U. of O.; by Oregon editors, heads of the U. of O. journalism department, editors of college papers and others.

Harris Ellsworth, former resident of this city and former member of the staff of Lemon Punch, U. of O. publication, addressed the high school journalists upon the publication of humorous magazines.

The delegates themselves related experiences in putting out annuals and high school publications and many helpful suggestions were given. A banquet was served Friday evening in Hendricks hall and sorority and fraternity houses were opened for the entertainment of the delegates.

Those who attended as delegates from here were Miss Elise Price, Brighton Leonard, Miss Margaret Galway, Wayne Vetch and Miss Ruth Bede. Miss Bede acted on the nominating committee and Mr. Leonard was appointed to the membership committee of the student body presidents and secretaries.

## EXTENSIVE IMPROVEMENTS AT LONDON SPRINGS

The Calapooya Springs company contemplates extensive improvements to its hotel property at London and will float a stock issue of \$6,000. Among the improvements immediately contemplated are an addition to the hotel dining room, the building of 29 small cottages, the fencing of the grounds, the building of a pavilion for dancing and athletic games and the preparation of the grounds for tennis courts. The living room of the hotel will also be enlarged and two rustic fireplaces will be built.

The hotel building and the bottling works will be electrified and it is thought that all these improvements will be completed during the summer.

## RECEPTION IS GIVEN TO BAPTIST PASTOR AND WIFE

A well-attended reception was held Monday night at the Baptist church for Rev. and Mrs. H. B. Her. The new pastor and his wife were welcomed by Rev. E. G. O. Grant, pastor emeritus, to which Rev. Her responded, prayer was offered by J. D. Millon, a vocal number was given by a male quartet, a solo by Mrs. R. E. Short, a talk by Rev. J. S. Penix, a solo by Mrs. E. E. Arthur, a talk by Dr. C. E. Dunham, of the Eugene Baptist church, and a solo by Dale Wyatt. Refreshments were served following the program.

Have you something you don't want? A Sentinel wanted will find someone who does want it.

## COTTAGE GROVE WOLLOPS FIR-EATING WORM IS TREE TENT CATERPILLAR

Locals Carry Off Cup and Hang Up Better Records Than Those of Class B Colleges.

Cottage Grove high, at the Friday and Saturday track meet at Eugene, proved that it has one of the best track teams in the state. It won the cup from Eugene in the class D events and in nearly every event outclassed class B colleges. In five events entered but one was lost.

The 440-yard relay race was won by 40 feet in 51 seconds, which was two seconds better than the time of the class B colleges. In the shot-put, in which Cottage Grove had had no practice, Eugene took first place and Hinkle (Cottage Grove) second. In the broad jump, Hinkle took first place and Frost (Cottage Grove) second. Hinkle's jump was 19 feet, 8 inches, nearly two and a half feet better than done by the class B colleges. In the 100-yard dash, Hinkle took first place and Raap (Cottage Grove) third, he being only a foot behind Eugene's man who got second place. Hinkle's time was 11 seconds flat, two-fifths of a second better than done by the class B colleges. The half-mile relay was won by the narrow margin of any of the events. Cottage Grove maintained a lead from the start and won by about 100 feet. None of those participating for the day before.

The team was composed of Hinkle, Raap, Frost, Skilling and Cochran, and was accompanied by Coach Hargreaves.

## RICH CHAMPION ORE LEDGE IS AGAIN OPENED

Fred Bartels and Crew Reach Pay Stuff in Drift on Evening Star Property.

Word has been received here from the Bohemia mining district that Fred Bartels and his crew, who have been opening up the Evening Star property, have struck a 15-foot ledge of free-milling ore. This property adjoins the Champion property and there is no question that this is the same ledge upon which the Champion was operating when stopped by the owners of the Evening Star, who claimed that ore on their property was being taken. When the Champion was in operation, some of the ore in this ledge ran as high as \$4,000 to the ton. The property changed hands many times, was several times in litigation and operations were conducted in such a manner that stories have been told of miners getting away with a fortune by hiding sackfuls of the ore. It is said that the location of a secret cache was once made to other miners by the one who had placed the cache, but it was never found.

Unusual activity, the greatest in many years, is assured for the Bohemia district for the season that is just opening.

## RAMON GAMINO GETS TWO YEARS AT SALEM

Eugene, Ore., April 11.—Ramon Gamino, Mexican railroad laborer, who a few weeks ago shot up one of the bank houses at Divide, one of his bullets wounding Alberto Cruz, a fellow-worker, yesterday received a sentence of two years in the state prison on a charge of assault with a dangerous weapon. He had pleaded guilty. Constable Marsh took him to Salem on the next train.

## Piece of Steel Imbedded in Leg.

Charles Compton was taken to a Eugene hospital Saturday to have removed a piece of steel which had become imbedded in the groin of the left leg. The accident happened the day before while Mr. Compton was driving a steel wedge into a log at the U. S. Logging company's camp at Rajada, a piece of steel breaking from the wedge and striking him.

## Traffic Officer Issues Warning.

A. E. Gibbs, state traffic officer, who has been operating in this section for several weeks, issues warning to drivers of motor cars informing them that the state law is strict in requiring all cars to carry two white lights in front on either side of the car and a red light in the rear. Parking upon paved portions of the highway is also strictly prohibited.

## Eugene Chamber Committee Visits London Springs.

A committee representing the Eugene chamber of commerce visited Calapooya springs Tuesday for the purpose of inspecting the property of the springs company and the improvements that are planned at the resort. The members of the party were Carl G. Washburne, L. L. Ray, Ralph Martin, J. O. Holt, E. E. Chadwick and E. D. Pierce.

## County Prisoners Are Few.

With only four prisoners at present confined in the Lane county jail, the registration list of county guests is at the lowest point in over a year, according to Sheriff Stickle, who states that there are now no overcrowded conditions prevailing such as taxed the capacity of the building several months ago when a total of 33 were either serving time or awaiting trial.

The recent sessions of the circuit court disposed of many cases that were pending trial and the big jail break also assisted in decreasing the number confined. Four of the escaped are still at large.

Watch the label on your paper. 1f

## TROUT FRY PLANTED HERE THREE YEARS AGO HOME FROM OUTING IN PACIFIC

Oregon Experiment Station Says That a Parasite Exists and Great Damage Not Likely.

Three years ago Cottage Grove anglers had quite an argument with the fish and game department relative to fry which had been sent here and planted in the streams of this section. Piscatorial authorities stated that they had examined the fry and that they were salmon. The fish and game department said they were trout. The argument, which was started by the fact that the fry disappeared in salmon fashion, presumably for feeding grounds in the ocean, never was satisfactorily settled.

Now comes C. A. Harlow, who states that the fry planted at that time have returned from the ocean as four-year-old steelhead trout and that they can be seen any day jumping the small falls of local streams in an effort to get to spawning grounds. So far as known none of them have yet been hooked. It is Mr. Harlow's opinion that the Steelhead trout, although imitating the salmon in spending three years upon ocean feeding grounds, does not die after spawning and after once returning remains in fresh water to spawn each spring, that the young follow the example of going to salt water for three years and returning at four years of age to take up permanent residence in the streams where they were hatched. If this contention is correct, then the Cottage Grove streams are in a fair way to become well stocked with Steelheads within a few years.

## HUNDREDS OF THOUSANDS PASS WINDOW WHERE OUR GOLD ORE IS DISPLAYED

Hundreds of thousands of people in the east are getting information about the Cottage Grove mining district. A relief map of the Bohemia camp was sent from here two weeks ago to be put on display with pictures of Cottage Grove and Bohemia and an exhibit of ores from here behind plate glass on the principal street of Cleveland, O., at a point where it is estimated that 2400 people pass every hour.

Cleveland is the home of John Boldon, president and organizer of the Oregon-Ohio Mining company, which proposes to spend a million and a half dollars at once in developing its properties in the district.

## 14-YEAR-OLD LAD ADMITS TWO ROBBERIES

Plunder Secured at Darby Hardware Is Recovered Through One of Pitcher's Hunches.

A stop probably has been put to the petty burglary which has been going on here by the apprehension of a 14-year-old lad who has admitted robbery of the Darby hardware and the Fair store and who may be guilty of the robbery of the Eagle cigar store, although he denies this. The lad is one of a large family left without a father a year ago.

Entry to both of the places which the lad admits robbing was made through the roof. At the Darby store a section of glass was removed from the skylight and the lad dropped to the balcony in the rear of the store. At the Fair store, the trap in the roof was raised and the lad dropped to the rear balcony. As a package of cigarettes of the brand stolen from the Eagle cigar store was found where the lad had dropped into the Darby store, it is thought that he may be implicated in that robbery also.

The robbery at the Darby store took place Saturday night. Among the articles recovered were two guns, a cartridge belt, 150 shells, a thousand .22 cartridges, a hunting knife, two baseball mitts, a fishing reel, fishing line and other small articles.

The apprehension of the lad came about through one of Marshal Pitcher's famous hunches. As he walked down street he noted that a young lad who had seen him from inside a store dropped his eyes as if not wishing to meet the officer's eyes. Pitcher walked in and talked to the lad, who was in no way connected with the robberies, but later in the day through him he learned where some of the plunder was cached and who had cached it.

## PRACTICE MEETING OF BALL PLAYERS CALLED

Manager G. M. Scott, of the baseball club, has called a practice meet for Sunday afternoon. Anyone having an ambition to make the team is requested to be on hand and to participate. It is hoped to have a team made up entirely of players residing in the city or surrounding country, so that practice games can be held throughout the summer.

## Sells Old House; Will Build New One.

R. V. Allison has sold his 1 street residence property to F. M. Woodson and has purchased the Worth Harvey property at the corner of Fifth street and Adams avenue, upon which he will build at once. The Woodsons will move into their new property June 1 and the Allison will occupy the west Main street property to be vacated by the Woodsons until their new home is completed.

## Democrat Files for Senate.

L. L. Ray, former resident of Cottage Grove and former district attorney, has filed for the state senate on the democratic ticket. He will oppose in the general election the winner of the republican nomination, having no opposition in his own party. Ray is the only legislative candidate on the democratic ticket.

## W. R. C. to Observe Centennial.

The woman's relief corps will observe the U. S. Grant centennial on Saturday, April 22. Dinner will be served at 12 o'clock to the G. A. R. boys and the program will start at 1 o'clock. The public is invited to the program.

## Says He's Next Governor.

Senator Ike Patterson, gubernatorial candidate, was in the city yesterday meeting the voters. He assured the citizens that he has the nomination cinched and that he will have his address at the state capitol after next January.

## RECALL OF ROAD BONDS IS POSTPONED TO FALL

Special Election at Primary Thought Not to Offer Best Opportunity for Decision.

Postponement of the Lane county road bond recall movement until the November election, which means that the Eugene-Florence highway project will go through as planned, was announced Tuesday by members of the committee that have been sponsoring the recall measure. In a signed statement the promoters of the recall movement state that it was not their intention to prevent the securing of the \$150,000 appropriation of state and government money for the Siuslaw project and that they would not submit their petition so as to interfere with the present year's projects.

With the announced decision of the recall sponsors not to submit the petition at the May primaries but to hold the measure until the November election, there will be no curtailment of the Lane county program for the current year and the estimated appropriation of \$700,000 of the \$2,000,000 bond issue will be available for the contemplated road projects. Bonds to the amount of \$500,000 have already been sold.

County Judge C. P. Barnard stated Tuesday that the county court would go ahead with the outlined program for road improvement that has been planned for the present year, including the Eugene-Florence project for which \$150,000 bonds will be available and will be matched by the government appropriation.

One of the main reasons that the bond recall movement was postponed to November was that there will be at that time an expression of opinion by a larger number of voters. A special election at the time of the primary was not thought to offer a fair opportunity for expression of the feelings of a majority of the voters.

## PHILLIP SPONG, PIONEER OF EARLY 70s, PASSES ON

Phillip L. Spong, a resident of Lane county since the early 70s, died early Wednesday morning at the home of his daughter, Mrs. J. B. Mosby, of Dorcna. The funeral will be held at 2 o'clock Friday afternoon from the chapel here and interment will be in the pioneer Brumbaugh cemetery.

Mr. Spong was born in Logansport, Ind., January 17, 1850, and crossed the plains with his parents in 1851. The family settled in Marion county. He was married in 1873 to Sarah Brumbaugh and soon afterwards they moved to Lane county. The following children survive: Mrs. J. E. Miles, Marcola; Mrs. J. B. Mosby, Dorena; and Sherman Spong, Salem. Two brothers and a sister, H. J. and J. H. Spong and Mrs. Kate Rhodes, reside at Salem.

## BEAN-FOR-GOVERNOR CLUB ORGANIZED HERE

A Bean-for-Governor club was organized here Friday night with C. A. Bartlett as president and Worth Harvey as secretary. The number who braved the weather predicted the success of the Lane county candidate. A delegation was present from Eugene, composed of Senator John B. Bell, Lane county chairman of the Bean committee, J. S. Maglady, candidate for the senate, Melvin Hansen and L. B. Pierce.

The organization of the club has been the cause of considerable favorable talk for the candidacy of the Lane county man. The reasons given for urging his election are home pride and a recognition of Mr. Bean's ability in public positions.

Swiss Home Grange Interested. Deadwood grange, of Swiss Home, in the western end of the county, has adopted resolutions opposing the recall of the county road bond issue. The resolutions state that the western portion of the county will be taxed for the roads in the thickly populated portions and it is not fair to deprive the sparsely populated sections of the roads which are so vital to the development of one of the richest agricultural sections of the county. The cooperation of all fair-minded people is asked in the defeat of the recall move.

## EVERYTHING IS SET FOR I. O. O. F. CONVENTION

The Lane county district convention of I. O. O. F. lodges will be held in the armory here next Wednesday. The session opens at 9:15 and the complete program for the day is as follows: 9:15—Business meeting. 10:30—Meeting turned over to Cottage Grove Lodge, No. 68. 10:45—Conferring of Second Degree. 11:45—Dismissed for Dinner. 1:15—Meeting called by Cottage Grove Lodge, No. 68. 1:30—Conferring Third Degree. 2:30—Lodge closed. 2:45—Parade formed at Armory. 3:30—Rebekah Degree. 8:00—Open session; opened with a song by the audience. An information bureau for delegates will be established in the Sunshine rest room.

## MOTORCYCLE ENTHUSIASTS HOLDING MANY OUTINGS

About 25 members of the Eugene Motorcycle club arrived here early Sunday morning, being joined here by a number of local members and all going up Sharp's creek for an outing. Next Sunday a number of members of the same club from here and Eugene will go to Drain, where they will be joined by members of the Grants Pass and Roseburg clubs and all will take to the woods from there for an outing. It is estimated that a hundred will be present. Other outings will follow.

## Says Everybody Is in Favor of Bonds.

Eugene Register: Frank E. Blair, merchant of Lowell, was in the city Tuesday. He says he has yet to hear of a voter in his part of the county who is in favor of the recall of the road bonds.

## WINDOW SHOPPING IN THE NEWS PAPER—THAT'S WHAT READING THE ADVERTISING MEANS TO THE HOUSEWIFE.

She knows that her course is already charted because the advertising has told her where, how, how much and what.

—In time, postage, paper or shoe leather it would cost her several times the price of the single copy of the newspaper consulted, to find out where she could buy the things she needs to buy, every day, in her capacity as purchasing agent for the home.

## STREET WORK STARTS.

Guy Pyle, who has the contract for paving the highway through the city, has a crew at work placing the curb through the city on Fifth street.
