## RENTLE GETS FIRST 1923 INDIAN CHIEF IN OREGON

The first of the new 1923 model Indian Chief motorcycles received in the state has just been received by Harry Rentle, local dealer in motorthe machine from Eugene Tuesday. The new model weighs 410 pounds and this particular machine is built especfor side cars. There are a number of improvements in the the 1922 model which was the first Indian Chief put out and also the first special side car machine put out by the Indian people.

There was an old geezer who had a lot of sense; he started up in business on one bone and eighty cents. The dollar spent for stock and the eighty for an ad., brought him in three lovely dollars in a day, by dad! Well, he bought more ds and a little more space, and he played that system with a smile on his face. The cus-tomers flocked to his two by four, and soon he had to hustle for a regular store. Up on the square, where the people pass, he gobbled up a corner that was all plate glass. He fixed up the windows with the best that he had, and told them all about it in a half page ad. He soon had 'em coming, and he never quit, and he wouldn't cut down on his ads. one jit. ### 1000 BABIES CONDUCTED INTO WORLD BY DR. KIME DURING 18 YEARS HERE

A Cottage Grove physician and surgeon has established a record that is hard to beat. During his residence of 18 years and six months in Cottage Grove Dr. A. W. Kime has officially welcomed 1000 babies into the world. Number 1000 was a ten pound boy who arrived week ago Monday, August 27, at the Tom Queener home near this city, and the day was made doubly important for 'Doe' because it was also his sixty-fourth birthday anniversary. The most the doctor ever had in one year, since he came here in April of 1904, was 78 and the biggest mouth he has ever had was 14. This year bids to be a big one also for the number to the "baby doctor's" credit has grown to 52 since January 1.
