The successful treatment of rheumatism by taking Tanlac is one of the outstanding features of that remarkable medicine. Thousands of people everywhere have testified that it has brought them complete relief from this tortuous disease.

Edward Reed, well-known grocer of 997 Lombard St., Portland, Ore., says: "By the help of Tanlac, I have gotten rid of a case of rheumatism from which I had suffered for fifteen years and made me miserable most all the time. My hands would swell up and hurt me so bad I could hardly use them. In the winter I simply suffered agony."

"Seeing what Tanlac did for me a number of my neighbors are now taking it."
When the digestive system, liver and kidneys are not working properly, uric acid and other impurities accumulate in the muscles and joints, causing rheumatism. Tanlac quickly overcomes this condition by enabling the vital organs to perform their functions properly. Get a bottle today, at any good druggist.

Over 200,000 Fordson Farmers Use Oliver Tillage Implements

**The Cleanest Farms
in Any Community**

Fordson farms have that reputation. Early fall plowing is what keeps these farms free of weeds.

"That's easy to talk about, but how are you going to plow when the ground is so hard and dry, and the weather so hot that a team can't work? That, probably is your objection to the formula.

"Use a Fordson-Oliver Plowing Outfit," is the answer. The early fall rainy season has started and the time is just right for plowing. Early fall plowing with a Fordson tractor and an Oliver No. 7 plow will enable you to turn over the soil the time you know it will do the most good.
