

# THE CLERK

The clerk of today is quite often the prosperous merchant of tomorrow. His training is fitting him for the job. Only one thing stands in the way when the opportunity for advancement comes, and that is usually the matter of ready money. If he has that, he steps forward, otherwise he remains a clerk. A good plan is to open a savings account at our bank, no matter how small, and keep adding to it little by little. Then when the chance comes to go into business for yourself you will have something to base credit upon.

### How Does Your Boy Stand in School?

Many a child having a poor school record and a reputation for being backward and lazy is simply a victim of defective eyesight. Poor eyesight, undiscovered, may retard a child's whole progress in life.

Periodic visits to a good optical specialist assure your children of correct vision at all times.

You will find us willing and competent to advise you.

## Help Your Moulters Mout

**Dr. Hess Poultrey Pan-a-ce-a**

THINK of the amount of hen energy, vitality and red blood required to grow a thousand feathers—the average plump! A moulting hen needs good health—good appetite—good digestion.

**Dr. Hess Poultrey Pan-a-ce-a**

helps poultry through the moult and starts pullets and moulted hens to laying. It contains tonics for the appetite, tonics to aid digestion. It tones up the dormant egg organs. It contains iron that gives a moulting hen rich, red blood and a red comb. No disease where Pan-a-ce-a is fed. By all means feed your moulting hens Dr. Hess Poultrey Pan-a-ce-a.

We handle the Dr. Hess Line. Call on us.
