PUBLIC SCHOOL

Vote 314 x Yes

The purpose of the compulsory public school attendance bill is to insure the instruction of all Oregon children of grammar school age in a common language, a common history and common ideals, to the end that American unity shall be promoted, American ideals safeguarded and American institutions perpetuated.

This bill is proposed because its supporters believe that only by universal education of our children on standard and uniform lines can these things be achieved.

This bill proposes no religious restrictions. It contemplates no limitation of the right of the parent to teach religion to his child in his own way and according to his own belief. It raises no issue of religious difference.

This bill is purely a measure to insure that all children by attending the public schools shall be taught alike during their grammar school years, so that their outlook may grow to be a unified outlook for the common weal and for their country and its institutions.

To make an all-American nation we must have all-American instruction of our children along recognized standard lines. Ignorance of American ideals and institutions and language is the greatest menace to them, because those who do not understand them properly do not support them.

NEW SERVICE STATION AT FIFTH AND MADISON

W. E. Bradley Begins Erection of New Structure to House Cottage Grove Vulcanizing Works.

W. E. Bradley, proprietor of the Cottage Grove Vulcanizing Works, will erect a new home for his business which will be located at the corner of Fifth street and Madison avenue. Mr. Bradley purchased the quarter block there Monday from George Lea and material is already being placed on the ground for the new building, the contract for which has been let to E. A. Gibson.

The building will be of bungalow type, 30 by 40 feet, besides a 16-foot cement floor fringed under roof, frame, with regulation service station glass front. Mr. Bradley will extend the business to include tire and battery service, gas and oil, and the usual air and water accommodations for patrons.

Construction work will be begun at once and it is expected that the building will be ready for occupancy by November 15, when the business will be moved there from its present location on Main street near the bridge, where it shares quarters with Nelson's service station.

J. I. JONES SELLS ORCHARD TO EUGENE MEN

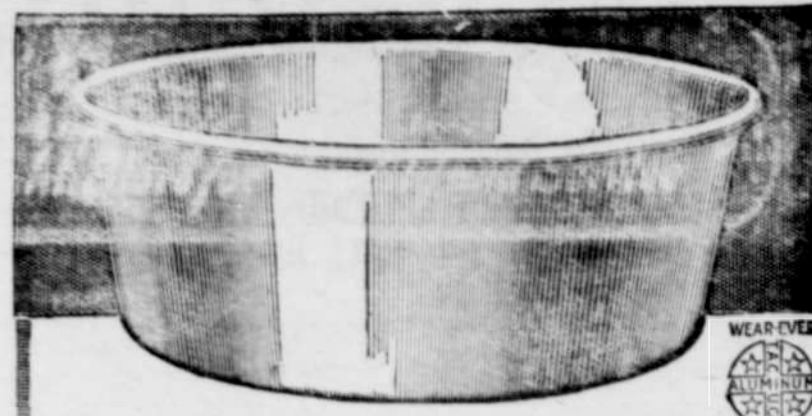

Resident Here for 38 Years Will Move From City and Engage in the Manufacture of Handles.

J. I. Jones has just completed a deal by which he has transferred the ownership of his 40-acre orchard tract near this city to H. P. Norton and George P. Winchell, of Eugene, for 1100 acres of wheat land in Alberta, an apartment house in Roseburg, and interest in the Eugene Handle factory. The Jones family will move to Eugene soon where Mr. Jones will be actively engaged in the handle manufacturing business.

Mr. Jones has been a resident of Cottage Grove for more than 38 years. He has been interested in the lumber business while here, having owned and operated six different sawmills. He built the two story brick building in which the Bank of Cottage Grove is now located, laid out the Jones addition and owns other property in the city. He has served the city as mayor and councilman and occupied a place on the school board for several years.

WORTH HARVEY CHAIRMAN OF BUDGET GROUP

Mothers' Club Asks Allowance in 1923 Estimate of Expenses; Union With Library Talked.

Worth Harvey was elected chairman and Andrew Brand secretary of the budget committee which held its first meeting Monday night during a recess of the city council. Following organization proceedings and the hearing of a committee from the Mothers' club the meeting was adjourned to next Monday night.

The Mother's club, through their committee composed of Mrs. W. L. Darby and Mrs. David Sterling, asked that an allowance be included in the city's estimate of expenses for the coming year. The women reported to the committee that during the past year they had raised by their own efforts \$800, all of which had been spent among Cottage Grove merchants. Possible uniting of the rest room with the city library was suggested and the committee from the club was asked to meet with the library board.

Roy Short, S. V. Allison and Homer Galloway were appointed to investigate

the needs of the rest room and report to the budget committee an estimate of the amount necessary for financing the room for the coming year.

Firestone

GUM-DIPPED CORDS

Most Miles per Dollar

Everywhere You Hear It -
Firestone Builds the Finest Cords

HARDLY a day goes by but some one goes out of his way to tell us that Firestone Gum-Dipped Cords are the best tires built.

Cords—as only Firestone builds them—will give you many extra thousands of miles of wear. And for fall and winter driving there's nothing like them. The strong, resilient Firestone carcass of gum-dipped cords, can stand the hardest punishment.

With the reputation Firestone Cords hold, it is not surprising that so many motorists in this community have made them standard equipment. The demand for Firestone Cords in the last few months has broken all records.

Prices were never so low as they are now. Perhaps never again can mileage be sold so cheaply.

Decide now that you will get Most Miles per Dollar. Drop in any time and let's talk tires.
