Apple Crop Loses Bout With Wantad.
"Next time I frame up a match between my apple crop and one of those wantads I'm going to bet my money on the wantad," said John Trannell. "It was a good match while it lasted but the pace was too fast for the apple crop. The apples have been gone for two weeks but the wantad evidently hasn't found it out yet for it's still working."

No need to be in want—use a Sentinel wantad.

Has Never Felt Better in All His Life

Thousands of frail, nervous people and convalescents everywhere have testified to the remarkable power of Tausac in bringing back their health, strength and working efficiency. It seems to quickly invigorate the constitution and is a powerful food of weakness. Mr. A. Briggs, of 2665½ East Lake, Seattle, Wash., says:

"I was in a general run-down condition from loss of appetite and indigestion, felt worn out all the time and was growing weaker every day. Tausac rid me of the indigestion, put a keen edge on my appetite, built me up several pounds and now I'm simply brimful of life and energy."

There is not a single portion of the body that is not benefitted by the helpful action of Tausac. It enables the stomach to turn the food into healthy blood, bone and muscle, purifies the system and builds you back to normal weight. Get a bottle today at any good druggist.
