

The Cottage Grove Sentinel

VOLUME XXXIII

COTTAGE GROVE, LANE COUNTY, OREGON, FRIDAY, NOVEMBER 10, 1922

NUMBER 9

COTTAGE GROVE INTO DEMOCRATIC COLUMN

City Gives Pierce Big Lead and Votes Compulsory Education Amendment Two to One.

As Cottage Grove went, so went the state. That is the story in a nutshell. Pierce led off in the city about two to one. The compulsory education amendment carried the city by more than two to one, the proposition tax ran about even, the income tax and single tax were heavily swatted and a remarkable vote was cast against the repeal of the county road bond issue. Fisk, democrat, defeated Cusick, republican, for the joint senatorship two to one and Roney ran like a scared jackrabbit for the commissionership. Zumwalt hardly received the normal democratic vote.

Returns for the five city precincts are as follows:

	1	2	3	4	5	Tl.

Pitcher	166	85	161	60	92	564

Election Notes.
Thomas Campbell, candidate for public service commissioner, was well remembered by the voters here, where he lived at the time he first became a member of the commission.

If it had been left to Cottage Grove, George O. Knowles would now be a legislative member, instead of bringing up the rear. His friends here think he was the ablest of any of the candidates for the job.

Andy Gump made a poor showing in Cottage Grove, although he got one or more votes for most positions.

Some facetious ones accused George Knowles of electioneering on general election day because of the fact that chairs used at the election boards bore the name of Knowles & Graber painted thereon in big black letters. The fact that George was defeated saves him from a legal controversy.

There is little doubt that many who wished to repeal the road bond issue voted "no" upon the repeal bill. The effect of voting "no" was to retain the bonds.

If Green Pitcher wants any local office, all he needs to do is ask for it. For the minor office of constable he received the highest vote of any candidate upon the ticket.

BUCKING DODGE CAR TRIES TO MUSS UP ROTUND FORM OF MAN ABOUT TO LEAVE CITY

Schofield Stewart's rotund person lends itself well to the purpose of being used as a cushion, but he came near playing the part too well a few days ago. He twisted the commences on the Standard Oil plant, not knowing that the gears were in intermediate. The bucking motor car attempted to pin Stewart to the mat and all but succeeded, crowding him into a conglomeration of lockers and steel oil barrels. He straddled one of these and permitted the car to expend its energy on the barrel while he climbed to safety. A steel locker was somewhat damaged by the impact of the fender and Schofield has since been nursing some minor bruises. It is probable that the Dodge heard that Mr. Stewart was about to quit his job and go to California and wished to hasten his going.

79TH ANNIVERSARY OF BIRTHDAY CELEBRATED

A very pleasant day was spent Sunday, October 29, at the home of C. H. Winecoff, south of Cottage Grove, when the family and several friends gathered for a surprise to celebrate Mr. Winecoff's 79th birthday with a picnic dinner. The day was spent in visiting and looking over the place. Those present were Mr. Winecoff, the honor guest of the occasion, Mrs. Emma Kelley, Mr. and Mrs. W. T. Garoutte, Elris and Lela Kelley, Thelma, Belva, Nelson, Clinton, Will, Katherine and Lucian Garoutte, all of Cottage Grove; W. E. Post and daughters Edith and Wilma, of Vida and Jessie Winecoff.

REFUND OF COUNTY ROAD TAX IS DEMANDED

Council Will Ask Court for Payment in Full at Two and One-Half Mill Rate Promised.

Payment of the full two and a half mill refund due the city from the county road tax funds collected in Cottage Grove will be demanded of the county court by the city council, the city attorney having been instructed to convey this demand at the regular monthly meeting of the council Monday night.

The two and one-half mill apportionment was promised and is due this city, according to members of the council, but the court is now trying to cut down the amount and shift some of the money over to other districts of the county. At the rate promised by the court the city should receive \$1200.

A petition for grading, graveling and draining north Lane street presented by property owners on the west side of the street between Main and Vilhard place was referred to the street committee to investigate and report upon to the council. The council also ordered the ditch on the west side of the Southern Pacific company's tracks along north Lane street cleaned and drained.

A franchise for the operation of one truck in Cottage Grove was granted the Eugene-Roseburg Freight company. The street commissioner was authorized to have concrete approaches to cross walks put in along south Fifth street where the concrete walks have been built and also to look up and put in new wooden walks wherever needed in the city.

Authority was given the water commissioner to tap the water main for T. C. Shaw, the expense to be borne by Mr. Shaw. Water Collector Piester was instructed to report at the next meeting on the list of customers of the water system outside the city, as there is some discussion within the council regarding the raising of rates to outside consumers.

Temporary connection of the city water system with the Western Lumber & Export company's pipe until the completion of the new intake extension was considered, action being left to the water commissioner.

One hundred feet of 12-inch wood pipe was ordered by the council for use in places in the intake extension where the frequent unloading of logs jars the pipes.

Installation on Main street of a red light signal as a call for the night marshal was ordered, the place to be left to the selection of the chief of police.

FOOTBALL LINEUP SHIFTED FOR LEBANON GAME

Dale Lusk Changed From Backfield to Center in New System; Myrtle Point May Be Played.

The line-up of the Cottage Grove football eleven has received a shaking up this week and when the home team meets Lebanon here at 11 o'clock Saturday morning a number of men will occupy positions other than those which they had occupied previously this season. On the outcome of the Lebanon-Cottage Grove game hangs the opportunity for the home-town boys for a Thanksgiving day game with Myrtle Point, champions of Coos county.

In Saturday morning's lineup Dale Lusk, backfield man, will occupy the position of center formerly held by his brother Lee. Lee Lusk is new at football and his passing in the Albany game was poor so Coach Hargrove has shifted Dale to center position. McCargar, who had been playing guard will be seen in the backfield Saturday. Haney will play tackle in the Lebanon game and Wicks will play guard instead of tackle.

Cottage Grove high school football teams suffered two defeats last week end when Albany won with a 13 to 6 score on Stouffer field Saturday and the Springfield team defeated the Cottage Grove second team 7 to 6 on the Springfield field.

On November 24 the local boys meet Corvallis on the Corvallis field and Hargrove expects to have "Baz" Williams, coach of the fresh team at University of Oregon, down to coach the line for several evenings before the game. Corvallis recently defeated Salem and has practically won the valley championship.

The lineup for the Lebanon game will be: Skilling, quarterback; Morelock and Cochran, halfbacks; McCargar, fullback; Charles Spray and Homer Nelson, ends; Wicks and Dixon, guards; Jack Beagar and Glen Haney, tackles; Dale Lusk, center.

No matter what you want, never give up until you have used a Sentinel wastad. if

ENTIRE CAUCUS TICKET IS FAVORED BY VOTERS

Spirited Fight Against Regular Nominations Is Fizzle.—Armory Bonds Go Over by Big Vote.

The complete city ticket nominated at the citizens' caucus went over without a hitch, or even near hitch, although quite a somewhat strenuous campaign was made to defeat Andrew Brund for mayor and Elbert Bede for the council from the third ward.

A petition was circulated previous to the printing of the ballots to have the name of W. B. Hawley put on as a nominee for mayor but the city attorney ruled that the number of legal registered voters was not sufficient to meet the requirements of the city ordinance governing nominations by petition and his supporters wrote the name in on the ballot. The opposition to Brund seemed to come from the fact that he raised assessed valuations at the time he served as deputy assessor and the support of Hawley seemed to come from the fact that when he followed Brund as deputy assessor he lowered the assessments that Brund had raised.

The armory bond measure went over with a healthy majority. The county court will be asked to budget its share of the cost of the proposed building and the legislature will be asked to appropriate the state's share. The work of actual erection can not start until the arrangements for county and state funds are completed. The county court will be asked to budget its share of the cost of the proposed building and the legislature will be asked to appropriate the state's share. The work of actual erection can not start until the arrangements for county and state funds are completed. The county court will be asked to budget its share of the cost of the proposed building and the legislature will be asked to appropriate the state's share. The work of actual erection can not start until the arrangements for county and state funds are completed.

In three precincts Brund received 282 votes for mayor, W. B. Hawley 51 and J. W. Veatch 33. In the same precincts the armory bonds received 223 favorable votes and 161 in opposition. In the fifth precinct Bede received 65 votes, the entire precinct and 8 were cast for N. E. Glass, whose name was written in at the request of those who made a campaign against the regular nominee. Mr. Glass was not a party to his own candidacy. The fourth precinct also is in the same ward but the result there can not be learned until the ballot box is opened.

WALNUT CROP FROM LAYNG PLACE NETS \$600

Orchard Planted 17 Years Ago by Felix Currin Is Still Bearing Well and Will Do Better.

Mount View, Nov. 6.—(Special to The Sentinel.)—A walnut crop that will bring about \$600 was the yield this year from the orchard on the George Layng place east of this city, the estimate being based on a valuation of 20 cents a pound, which is the price of the lowest grade of the nuts.

Until three years ago the orchard, which was planted 17 years ago by Felix Currin, has borne well but recently the yield has been low. Two years ago the entire crop netted only \$600. Last spring Mr. Layng put in the orchard but did not get the ground cultivated. This year more than one-third of the trees did not bear but it is not known whether this was because of the season or lack of cultivation. Mr. Layng will spend more time on the orchard this year and hopes to at least double the output next year.

The Layng walnut orchard, which was originally a portion of the Felix Currin estate of the John Currin donation land claim, was purchased by Mr. Layng in the division of the estate. Originally there were eight acres but Mr. Layng sold three acres of the tract some time ago.

The trees began bearing at the age of five years, justifying Mr. Currin's belief in their value as a remunerative crop although his neighbors criticized him for wasting time and money and rendering useless a good piece of land. Compared with a like acreage of other farm products the income from the tract represents a high return. Eight persons were employed for five days in harvesting the crop this year.

TWO NAMES OMITTED FROM DOLLAR DAY LIST

The names of the Fair Store and of Gray's Cash and Carry grocery were inadvertently omitted from the Dollar Day ad which appeared in the last issue of The Sentinel. Both of these stores are live ones which always join in boosting anything for the upbuilding generally of the retail business of the city and they are behind the Dollar Day movement just as strong as any of them.

MRS. JOHN B. CRAWFORD, OF LORANE, IS DEAD

Mrs. John B. Crawford, of Lorane, died Tuesday at a Eugene hospital at the age of 29 years. She is survived by her husband and three children Samuel G. John B. Jr., and Charles E. Mrs. Crawford was a member of the Daughters of the American Revolution, McComb City Miss., chapter. The remains are being sent to Sterling, Ill., for interment in the family plot.

Free Methodist Conference Here.

The district quarterly conference of the Free Methodist church will be held November 23 to 26 in the hall at south Tenth street and Monroe avenue. Evangelistic services will be held each evening during the conference, according to D. S. Forrester, pastor, who has issued an invitation to everyone to attend.

ROLL CALL CHAIRMAN IS APPOINTED HERE

Mrs. Clara Burkholder Will Head Sixth Annual November Campaign of Lane County Red Cross.

Mrs. Clara Burkholder has been named chairman of the Red Cross sixth annual roll call in Cottage Grove and the campaign here will start early next week with a corps of interested women covering the entire city and surrounding districts. Organization of the various committees and division of the city into districts will probably be accomplished on Tuesday and the solicitation will start immediately after that.

Window cards and other publicity appealing for the support of the people will be circulated throughout the city this week in preparation for the campaign. As usual the roll call membership is \$1 but gifts of any size will be gladly received.

A report on the activities of the Lane county chapter from November 1, 1921, to November 1, 1922, has been issued by the organization preceding the annual roll call of the chapter which will start Saturday and continue until Thanksgiving day.

The following part of the report deals only with ex-service men and their families: disability cases, 251; general cases, 246; received vocational training, 96; hospital treatment at Tacoma and Portland, 37; epileptic cases, 17; tuberculosis, 22; neuro-psychiatric, 19; miscellaneous, 293; garments made for, hospitals, 120; insurance reinstated, \$54,000; bonus applications filed, 322; office interviews, 3254. Other activities enumerated include civilian cases, 14; classes in home hygiene, 6; students, 100; certificates issued, 46; members of water first aid, life saving corps, 65; junior auxiliaries, 10.

Albert Anderson Wins 100 Bars Soap. Albert Anderson was the winner of the 100 bars of Sno-lite soap offered Saturday by the Smith & Short grocery. The soap was awarded to the person guessing nearest the number of bars of soap displayed in the window. Mr. Anderson's guess was 709, which was 70 short of the actual number.

POWER LINE COMPLETED IN SHORT TIME

123-Mile Stretch Finished Within Six Months; Designed to Operate at Voltage of 110,000.

The 123-mile power line just completed from Prospect to Springfield by the California-Oregon Power company was constructed in six months' time, a rather remarkable construction record. Delivery of power over the new line was begun November 1 giving to the upper Willamette and Umpqua valleys an unlimited hydro-electric energy for all uses.

In the building of the transmission line 100,000 pounds of copperweld wire and 800,000 pounds of copper wire were used. Twenty-three thousand insulator disks valued at \$250 each were necessary. The wire used included a number 20 seven-stranded copper, having a diameter of one-half inch, and number 6 copperweld wire for telephone wire.

The line is designed for operation at 110,000 volts but will be operated at 66,000 volts unless called on to furnish added power in case of a breakdown at the Springfield plant, which continues to generate part of the power for this section.

MRS. E. M. SLAGLE DIES IN PACIFIC GROVE, CAL.

Mrs. E. M. Slagle, formerly of this city, passed peacefully away November 4 at the home of her daughter, Mrs. T. H. Scholer at Pacific Grove, Calif. Mr. and Mrs. Slagle had been making their home with Mr. and Mrs. Scholer in their declining years.

ALFRED H. BIGELOW IS BURIED IN SEARS CEMETERY

The funeral of Alfred H. Bigelow, formerly storekeeper at Dorena, was held Tuesday morning from the Walker chapel in Springfield, followed by interment in the Sears cemetery near this city. Mr. Bigelow was found dead a few days ago on his place above Waltersville on the McKenzie, where he lived alone. He is supposed to have died quietly while on his work on the place. Neighbors found the body when they went to take him food.

36 ABOVE IS COLDEST DAY DURING MONTH

October 23 was the coldest day during October, the temperature falling to 36 degrees on that day. On October 8, the warmest day, the mercury registered 44.07. The mean maximum for the month was 63.2 and the mean minimum registered 44.07, making the mean 53.63.

Total precipitation for the month was 3.85. The number of clear days chalked up were 10, partly cloudy days, 9 and cloudy days, 12.

BLANKS FOR 1923 MOTOR LICENSES ARE RECEIVED

Application blanks for 1923 automobile licenses have been received by automobile owners in this vicinity from Secretary of State Kozor. Assignment of the 1923 license plates began November 4. The new plates will consist of white figures and letters on dark blue background, in marked contrast to the yellow and black of the 1922 plates. Secretary Kozor has estimated the 1923 registration at not less than 145,000 cars, or an increase of 13,500 from the 131,500 in the 1922 registration.

FEW CHANGES ARE MADE IN 1923 BUDGET

Citizens to Consider Estimate of Expenses November 27; Water Intake Makes Increase.

The estimated budget of city expenditures for 1923, as worked out by the budget committee, totals \$45,070. Property owners will be given an opportunity to accept or reject the budget at a public meeting November 27, after which the committee will reorganize to effect a budget as nearly as possible in accordance with the desires expressed by the voters.

At the final meeting of the committee the members agreed to allow the proposal to build a foot-bridge from the Christian church to Birch avenue to rest until next year. Additional items include an appropriation of \$120 to the Mothers' club for the rest room, the amount to be paid in 12 monthly installments. The sum of \$50 was added to the amount already set aside for street cleaning, and an allowance of \$200 was made for added equipment for the fire department, Fire Chief Mackin having reported that some of the hose was in bad condition.

The apportionment made for the legal department was reduced from \$350 for the year to \$240.

Locating of the new intake and the necessary building of a new dam and pipe line caused an increase of \$8000 in the amount budgeted for the water fund, \$22,115 having been set aside by the committee to pay the expenses in this department.

The apportionments made to the various funds follow:

	1922	1923
General fund	\$ 7,299	\$ 7,745
Street fund	10,335	8,650
Water fund	1,550	22,115
Sewer fund	3,600	3,910
Bond and warrant int.	709	709
Library fund	250	250
Park fund	100	100
Emergency fund	100	100

Total \$45,070. Estimated receipts total \$23,265 of known receipts with a possible increase of \$1200 from the street fund, refund from the county road tax. Since the county budget has not yet been made the amount which the county may return to the city from this fund was unknown. The item was listed as unknown in the budget committee's report and the amount to be raised by direct tax listed as \$21,265, \$95.04 more than the same item for 1922.

The budget committee is composed of the following: Citizen members: Worth Harvey, chairman; Andrew Brund, secretary; J. H. Chambers, C. J. Kem, G. W. Queen, C. A. Stevens, R. E. Walkory Mayor and council: George O. Knowles, mayor; S. V. Allison, Nelson Durham, A. W. Kime, S. L. Mackin, Roy E. Short, J. W. Veatch, councilmen.

VETERANS BUREAU MAN TO INTERVIEW DISABLED

Ex-Soldiers May Make Application for Schooling, Treatment or Insurance November 14.

W. F. Loomis, special representative of the U. S. Veterans' bureau, will be in Cottage Grove on November 14, for one day only, to interview all disabled world war veterans of the community relative to government compensation, vocational training, hospitalization and war risk insurance. All former service people who are disabled 10 per cent or more because of war service are entitled to federal compensation and those who are unable to carry on their pre-war occupations because of war injuries are entitled to vocational training at the expense of the government. Men who are interested in securing vocational training must make application for the training before December 16 of this year. While here Mr. Loomis will make his headquarters at the Spray real estate office.

CARROT PLANT FEEDS ON WATER; PRODUCES ROOTS AS WELL AS IN GROUND

A stock of carrot foliage which has grown roots two and a half inches long in a glass of water is an interesting phenomena brought to the Sentinel office this week by Mrs. A. E. Foster. The foliage was used by Mrs. Foster with some flowers to make a bouquet and while in the water the stock grew the roots. Since being brought to the Sentinel office the roots are continuing to grow rapidly.

RONEY, SHARPMAN, WINNER OF COMMISSIONERSHIP

Fred Fisk, Democrat, for Senate, Overturns Normal Republican Vote in Reckless Manner.

L. N. Roney has been elected county commissioner over E. W. Zumwalt by a heavy majority. It is generally believed that he and the hold-over commissioner, Emmett Sharp, will work together.

B. F. Keeney and H. W. Wheeler, republicans, and E. F. Bailey, democrat, secured the three seats in the legislature from the county. Wheeler got the largest vote for one of the legislative positions, due to the fact that he was "in the swing." In the swing means that of five candidates, with three to be voted for, he was the center man. Many voters gave a vote to the top three names. Many others voted for the bottom three names, while many others picked the top name, the center name and the bottom name. The center name was included in any of these combinations. No rotation of the names was required.

An organization of the agricultural interests is said to be responsible for some of the surprising results in the outcome of the legislative contests. The agriculturalists are reported to have supported all of the winning candidates.

The surprise of the election in Lane and Linn counties is the way Fred Fisk, democrat, candidate for the joint senatorship, overturned the tremendous republican majority in the county and defeated Cusick, republican, nearly two to one. Precedent also is upset by the election of Fisk, as the two counties have for many years traded back and forth on the joint senatorship and this was Linn county's turn.

J. S. Maglady, Row River mill man, had no opposition for the Lane county senatorship and polled a large vote.

By what probably is the heaviest vote ever recorded in Lane county in favor of a bond issue, the Lane county road bond repeal was defeated. The heavy vote against the repeal is in part explained by the fact that many voting "no" thought that they were voting to kill the bonds, when the effect was to kill the repeal bill and retain the bonds.

Because of the use of double ballots in all precincts in which 100 votes were expected, a large part of the vote was ready to be given out almost as soon as the polls were closed and the first outcome was practically certain at 10 o'clock election night.

The Silk Creek precinct voted to kill the herd law which they have had for the past two years, the effect being that cattle may be allowed to run at large.

Following is the vote on contested offices and measures in nearby precincts:

	Silk Creek	Shilash	Wallace	Latham	Brimnough	Disston	Dorena	Sigourney
Oleott	46	44	15	62	44	14	45	34
Pierce	44	29	41	72	50	35	65	70
Hoff	60	53	27	85	53	23	57	43
Tou Velle	22	15	15	44	30	14	35	45
