COTTAGE GROVE, LANE COUNTY, OREGON, FRIDAY, DECEMBER 1, 1922

NUMBER 12

VULCANIZING PLANT MOVES INTO NEW HOME

Building Erected on Pacific Highway by W. E. Bradley Now Occupied; Equipment Installed.

The W. E. Bradley vulcanizing plant is being moved this week from the building occupied by the Nelson Service station and the vulcanizing plant to the building recently finished by Mr. Bradley at 401 south Fifth street, on Pacific highway. Mr. Bradley will have his new gasoline pump and battery charging equipment installed and ready for use December 15.

A Hobart potential charging rectifier is being added to the equipment of the vulcanizing shop, for charging batteries. This machine is one of the best made and is in demand in the state, the other being in Portland.

A rapid Dayton visible gas pump will be installed. Vulcanizing and tire service will be handled at the new location after this week.

N. J. Nelson also has started to move his stock and equipment from the same building to the new garage and service station built by R. K. Lawson on Fifth street just south of Main street.

BEDE BUICK IS WRECKED IN ACCIDENT AT CORVALLIS

The Elbert Bede Buick was seriously damaged in a smashup at Corvallis Saturday. Mrs. Bede and daughter Ruth had been attending the Cottage Grove-Corvallis football game. Ruth was at the wheel. Upon their return home, and while in Corvallis, they were stopped by a train upon the tracks at one of the Corvallis stations. As the train backed away from the crossing, the fireman mistook for the car to go ahead. As the car got into motion it collided head-on with a car which appeared without warning from behind the train and was traveling when it hit the intersection, at a speed estimated to have been 25 miles the hour. The Buick car was traveling east and the other car was traveling north. The latter sustained a badly fractured running board. One side of the frame of the Buick car was twisted, one axle was twisted, the bumper was broken off and both fenders damaged. It was brought home, however, on its own power. Others in the Buick car were Hazel Fuhrer, Kathryn McQueen and Doris Holderman. No one was injured in either car.

MISS LYDIA HOOPER IS INJURED IN FALL

While packing her household goods Thursday afternoon of last week preparatory to moving to Keeding, Calif., to make her home with relatives, Miss Lydia Hooper fell from a box on which she was standing and sustained injuries to one shoulder and one hip. No bones were broken but Miss Hooper who had planned to travel for the month Sunday was detained until Tuesday, she made the trip unaccompanied.

Miss Hooper had climbed up on top of some boxes to reach a board with which to nail up the boxes of her goods when she fell, a distance of several feet, to the ground. Women who were at her home helping her pack took her to the home of Mrs. R. E. Job, where she remained until her departure Tuesday.

C. W. WALLACE SAYS PRICE OF SENTINEL IS HIGH BUT IT IS WORTH ALL THAT IT COSTS

C. W. Wallace, former business man of this city, must have his little joke every time he renounces his Sentinel subscription. He writes from Silverdale, Wash., as follows: "Come back to normalcy. Get the price of your \$2.25 paper back to \$1.50, like the farmer's products. An enclosing \$1.75, though I never would have done it had it not been for the fact that you did so much toward electing a good democratic governor in Oregon. We hope you keep up your influential work for another two years and we will get a democratic president. Suppose you noticed that we put the 'ex' in Paundexter up here in Washington. Don't think he would vote for Newberry if it was to be done over. Laying all jokes aside you get out a pretty good newspaper, if you would only quit at that and forget this political stuff. Really some of it is funny to a democrat like me. Regards to all Cottage Grove friends." The Sentinel wishes Brother Wallace could make the supply houses understand that the Sentinel was as twice what they were when the Sentinel was printed at \$1.50. If "Wink" wants a \$1.50 paper, he now knows how to get it.

STRAWBERRY PLANTS HEAR OF DEEDS BY OTHERS ARE DETERMINED THAT THEY WILL?

Strawberry plants must have ears, for it is quite evident that the strawberry plants in the W. T. Poole garden have heard what other similar plants in the city are doing and are not going to be outdone. This would account for the fact that the Poole plants are producing ripe berries during the latter part of November. Evidently they intend to keep up the good work during the entire winter for a large number of green berries are coming on and fresh blooms are being put out. Mr. Poole said \$20 worth of berries from the patch during the summer, in addition to supplying his own table.

FRIENDS OF NIMROD BARTELL TELL HOW BEAR IN TRAP HAD DOUGHTY HUNTER UP A TREE

Friends of C. A. Bartell are telling what they say is a good joke on the intrepid Nimrod. He went out with a party that had "located" a bear. One of the party was to shoot him with a camera and the other was to shoot with a high powered rifle. "Bart" was merely an interested spectator and having nothing else to do he decided to climb a tree, to be prepared for an emergency in case the two shots should not kill the animal. That is what he was wise precaution to take, as a wounded bear is a dangerous phymate. Both shots took effect, but "Bart" was surprised, so his companions say, when he climbed from his position of vantage, to find that the bear had been securely trapped, but the picture taken, so Max Stewart says, plainly shows "Bart" up a tree. Max took the picture, so he ought to know.

RED CROSS ROLL CALL ON TILL DECEMBER 4

Downtown Business Houses Will Accept Money for Relief Organization; Solicitors at Work.

The annual roll call of the American Red Cross will be continued until December 4, Mrs. Clara Burkholder, chairman of the local campaign, has announced, solicitors in some districts not yet having covered their entire areas. Thanks have been left at the rest room, Homer Galloway's office, Howe's candy factory and the Bartell hotel and any persons who may be missed in the general canvass may sign cards at these places.

The following names have been turned in by solicitors to Mrs. Clara Burkholder, chairman:

SAILOR BILL IS SPRAYED WITH MOON; SPEED COP CATCHES "LIT UP" MOTORIST WITHOUT LIGHTS

Friday night was a busy and hectic one for "Sailor Bill" Patton, Cottage Grove's traffic cop. As a result of one experience he is wearing a mackinaw that smells like a million dollars' worth of booze and as the result of the second he sustained a damaged limb and his motorcycle was sent to the hospital.

Bill was drifting south along Pacific highway taking a pal home and discovered an apparently abandoned flivver parked without any lights on the bridge just south of the city. Upon investigation the cop found that plenty of stuff to do a good job of "lighting up" was on hand, while three who had been occupants of the car and evidently had become too much "lit up" were doing their best to relieve the situation. They were hanging to the railing of the bridge as if they thought it the railing of a boat that was rolling on heavy breakers and they were doing what most folks do when caught in a heavy sea. The bottle of booze evidently had been recently used and the cork had not been replaced. Bill put the bottle in his pocket over the protests of the former owners and in the scuffle that followed a half pint or more of the evidence distributed itself over his person. One of the men was so determined to rescue his "moon" that Bill became real affectionate, grabbed him around the neck, with one finger in one eye, gave him an endearing tap upon the point of the jaw and permitted him to gently assume a recumbent position upon the asphalt. Neither of the other two showed any disposition to attempt to "vamp" the all too affectionate speed cop. In court Saturday they gave their names as Ray Parker, who was assessed \$10 for being drunk; G. D. Downen, who paid \$10 for resisting an officer, and T. P. Downen, who was assessed \$200 and costs for carrying booze in his car. All were from Silverton.

There are some who suspect that Sailor Bill sustained his injured limb in trying to get away from those who were attracted by the "moon" odor which almost oozed from his clothing, but Bill tells it as follows:

He had come alongside a Dodge sedan driven by J. S. Barbee, of Redlyn, Wash., after having attained a speed of 65 miles in doing so and had sounded his siren, when the car swerved to the left of the road and forced the speed cop into the ditch. The car stopped, brought Bill back to the city and upon urgent solicitation upon the part of the officer of the law the driver decided that Cottage Grove was a good place to spend the night. He became so enamored of the city over night that he insisted upon leaving \$10 with the police judge and deposited \$36 for repairs to the speed cop and his motorcycle.

ONLY TWO ATTEND AT CITY BUDGET MEETING

Items Totalling \$45,070 Are Adopted Without Discussion Except to Add \$250 Thereof.

Two persons outside of members of the city council and members of the city budget committee attended the public meeting held Monday night to consider a budget, carrying items carrying items totaling \$45,070. Neither of these was there to protest and all members of the council and budget committee were not present. The budget could have been defeated if a dozen had attended and voted against it.

The item for the emergency fund was increased \$250, raising the total of the budget to \$45,320. Of this amount \$22,950 is to be raised by direct tax.

MEETINGS AT SAGINAW OPEN ON THANKSGIVING

Between 350 and 400 people from all parts of the United States, but principally from the northwest, are expected to take part in the second annual undenominational religious meetings which began yesterday at Saginaw. The meetings will continue for four days under the leadership of religious leaders from the east and middle west. The tabernacle tent is on the Bartlett Johnston place at Saginaw and the visitors are housed in permanent dormitories on the place. A large dining room and kitchen were erected on the Johnston place before the meeting last year.

DECEMBER 6 DATE OF PARTY FOR BENEFIT OF REST ROOM

The date for the musical and Five Hundred party to be given by the Tuesday Afternoon Bridge club for the benefit of the rest room has been set for December 6 at 7 o'clock in the evening. The women have secured the American Legion hall and a decoration committee has devised an attractive decorative scheme for the affair. Mrs. Earl Arthur, Mrs. S. S. Lasswell and Mrs. Nelson J. Nelson Jr. are on the committee for the sale of tickets which are 25 cents, and any one desiring tickets should communicate with one of these three.

R. A. TRASK PURCHASES DES LARZES GROCERY

A deal has been concluded whereby R. A. (Bert) Trask takes over the DesLarzes Brothers grocery store this morning. The DesLarzes grocery is one of the oldest businesses in the city. It formerly was conducted by M. F. DesLarzes and son Roy but of recent years has been conducted by Leon and Roy DesLarzes. Mr. Trask has been a resident of the city for a number of years and recently resigned his position with the Standard Oil company as sub-agent at Drain.

WOMAN NARROWLY ESCAPES BEING HIT BY AUTOMOBILE

Silk Creek, Nov. 2.—(Special to The Sentinel.)—While walking to church on a recent Sunday morning, Mrs. Frank Babcock narrowly escaped serious injury when an automobile passing at a rapid rate caught the coat which she was wearing and came near throwing her down and under the wheels. Mrs. Babcock is entirely deaf and had forgotten to look for cars. Luckily the coat was not damaged except for being badly sprinkled with mud thrown by the wheels of the car.

If you like the editorials, tell your friends about them, and help to make them bear fruit.

Mrs. A. C. Ander Mrs. J. H. Chambers son Mrs. R. S. Trask Mrs. N. J. Nelson, Mrs. D. H. Hemens Sr.

HAMILTON GETS MACHINE WHICH HAS BEEN DESIRE OF HEART SINCE BOYHOOD

While Dr. Hamilton was yet a child, which was more years ago than he cares to admit, he read of a machine which could be used to stretch the human body, without pain or inconvenience, and by the use of which it was possible to increase the height of a person one or two inches. Evidently the idea of the machine was developed from a study of the machines of torture which monarchs of the dark ages used to punish their unruly subjects. The new idea has turned the instrument of torture into a machine which is said to be of inestimable benefit to mankind.

Dr. Hamilton has wanted one of these machines ever since he read of them in his boyhood days. He gratified his wish a few days ago and now employs the machine in his chiropractic practice for the relief of spine curvature, rheumatism, stiff tendons, stiff joints and other human ailments where gradual stretching brings relief.

W. SCOTT CHRISMAN WAS OF PIONEER STOCK

Took Prominent Part in Affairs of County and Community During Long Life.

Winfield Scott Chrisman, resident of Oregon for 72 years, died Sunday at the home of his daughter, Mrs. Thomas Sears, of Madison avenue, this city. The funeral was held at 2:30 p. m. Wednesday from the chapel, Rev. H. B. Her officiating. Interment was in the A. F. & A. M. I. O. O. F. cemetery, beside the body of his wife.

Mr. Chrisman was born in Platte county, Missouri, April 19, 1847, and was aged 75 years, 7 months, 7 days. He came to Oregon when three years of age with his parents, Mr. and Mrs. Campbell Chrisman, afterwards prominent pioneers of this section, but who first settled at Canyonville. They later removed to Walker, three miles north of here, where the senior Chrisman took a donation claim. The son, upon coming of age, took a claim at Dorcas, 10 miles east of here, where he made his home off and on until three years ago, when Mrs. Chrisman died and Mr. Chrisman came here to make his home with his daughter, Mrs. Sears. The wife was Caroline Boren, daughter of another well known pioneer family. They were married 58 years ago.

Mr. Chrisman took a prominent part during his life in the affairs of the county and of this city. He was the first mayor here and he and Frank Whipple for a number of years conducted a racket store on the west side of the building now occupied by Mrs. Maud Hohl with a grocery business. That was about 30 years ago. Later he was associated in the Fashion stables here and in the livery business at Eugene with Ed Bangs, father of Abe Bangs of this city. He made his home for a number of years in Eugene, where he was in the livery and transfer business, and was deputy sheriff of the county for a number of years. He was a member of the Artisans lodge.

Surviving children are Wesley W. Chrisman, Dorcas; Mrs. T. M. Rankin, Hildred, and Mrs. Thos. Sears, of this city; G. H. Chrisman, of Los Angeles, former county judge of Lane county, is a brother and only surviving member of the family. There are eight grandchildren and eight great-grandchildren.

Mr. Chrisman had been failing in health for a number of months but death came suddenly from a complication of diseases.

FALLS FROM LOFT OF BARN; SHOULDER IS DISLOCATED

Silk Creek, Nov. 27.—(Special to The Sentinel.)—While pitching hay into his barn loft Thursday afternoon of last week, D. A. Estes fell through a hole in the floor of the loft and dislocated his left shoulder. He was immediately taken to the Grove, where surgical aid was administered. Mr. Estes did not know about the hole in the floor and had taken no precaution to avoid it.

TURKEYS ARE 40 CENTS; LESS THAN LAST YEAR

Turkeys for Thanksgiving sold for 40 cents a pound this year in local shops, 5 cents cheaper than they were at the same season a year ago. The birds were in big demand this year, according to A. G. Williams, of the People's market, with geese also proving popular as the piece de resistance for the Thanksgiving dinner. The turkeys were the fattest and best birds he had ever seen placed on the market, Mr. Williams said.

STURGES AND POHLL TAKE WEST SIDE GARAGE

The West Side garage, which is being vacated by N. J. Nelson Jr., who is moving into his new quarters on south Fifth street, has been taken over by "Dick" Sturges and Norman Pohll, who were employed by Mr. Nelson. They have bought the shop equipment and taken a lease on the building. Mr. Sturges was head mechanic for Mr. Nelson for several years.

The campaign expenses of George O. Knowles, defeated democratic candidate for state representative from Lane county, amounted to \$37.68, according to Mr. Knowles' expense account filed with the secretary of state.

SALEM AUTO GOES OVER BANK NEAR GROVE

Roadster Turned by Drager Fruit Company Owned Completely Over at Saginaw; None Hurt.

A Buick sports model roadster bearing license number 115982 and owned by the Drager Fruit company, of Salem, skidded over the bank on Pacific highway two miles north of this city Tuesday morning about 10 o'clock, turned completely around and landed upside down in the ditch without injury to any of the four occupants. It is thought that the car was driven by Fred Drager, of Salem, and that he was accompanied by his wife and son and small daughter on their way from Rossburg to Salem.

The woman had a slight cut above her right eye and the boy a small cut on one finger. The car had a badly damaged top, a broken windshield and a broken radiator cap. The occupants of the car caught the next train north at Saginaw and their car was brought here for repairs.

Eye witnesses of the accident said that the Salem car, traveling not more than 25 miles an hour, was following the Cottage Grove-Eugene stage north when the stage stopped to let passengers off at Saginaw. The driver of the roadster threw on the brakes suddenly to avoid running into the stage and to avert a collision with a team coming from the north and the car skidded into the ditch on the east side of the road, turning completely around as it went over the embankment and landing with all four wheels in the air and the occupants underneath. They were extricated from the wreck and the car righted.

SPRAY RADIO OUTFIT PICKS UP MESSAGES

During the past week E. C. Spray has been able to listen to radio concerts, addresses and news dispatches from the following stations and cities: KYW station at Chicago; WOC station at Palmer's School of Chiropractors at Davenport, Ia.; WCX, Detroit Free Press, Detroit, Mich.; WDAF, Kansas City Star; CKCK, Regina, Can.; KSD, St. Louis Post Dispatch. All of the music and dispatches were heard clearly except Detroit which was hindered by local interference. Sunday night Mr. Spray heard Herbert Hoover speak out of Los Angeles, from the Los Angeles Times plant, and a few nights before he heard Secretary Weeks also speaking from Los Angeles.

IRA BEIDLER DIGS FAMILY OF POTATOES WHICH INSIST ON CLINGING TO ONE ANOTHER

There is no rice suicide in the potato patch at the Ira Beidler place south of the city. Mr. Beidler has been harvesting his crop and in one hill he found a family of 14. They are an affectionate family and refused to be separated. They are so firmly attached to one another that the entire family came out of the ground holding onto each other. It is impossible to say which are the parents of the family, as there seem to be four adults of the same age and size. The minor members of the family cling indiscriminately to the four adults. The total weight of the family is 5 1/2 pounds. Mr. Beidler intends advertising the product as of the Roosevelt family.

Somewhere in the wanted column will be found the name of some resident of the Cottage Grove country. That person is entitled to a free wanted for three issues, if he or she presents copy for the same within 30 days from the date of this paper. A new name will be selected at random each week, and this method of creating interest in the wanteds will be continued for several months.

SAVE FOUR BITS

We have extended our fifth annual subscription offer one week, so that all may have full opportunity to take advantage of it. After December 5 the rate will be \$2.25 the year. Until December 5 you may pay up to next November at the rate of \$1.75. Figure all arrears at 19 cents for each month and add \$1.75 for the year in advance. This is the very last call.
