Our Thanks

are extended to the many who made the past year a happy and prosperous one for us, and to one and all we wish all good things during the year to come. The year will be happiest to those whose eyes, if needing glasses, are properly prescribed for. You cannot see prosperity when it starts your way if your eyes are under a strain. Let me assure you that your eyes are all right, or fit you with the lenses that will make them all right.
