Mr. and Mrs. D. F. Pettet were in Eugene Monday.

A. J. Barilison and family arrived Monday from Sauteria, Mex., and are visiting at the home of their daughter, Mrs. D. F. Pettet.

THE OREGON LEGISLATURE

(Concluded from page one) tax now being collected, there must be a reduction from present taxes. The person owning real estate from which he derives a large income may find no relief, but the owner of real and personal property which pays but small income will get some real relief. Presumably the farmer will note the greatest benefits.

If the income tax should raise a million dollars, that would mean a reduction of one mill from the real and personal tax. If it should raise two millions that would mean a reduction of two mills from the real and personal tax. One mill of tax is the equivalent of \$1 on a thousand dollars of assessed valuation, or about one-fortieth of the average total taxation of the state. This shows that the relief to be brought about by the income tax is small, but it is presumed that any relief will be appreciated by those who claim the tax burden is getting too heavy.

The income tax, it is thought, will do away with the necessity of the severance tax which Governor Pierce asked for. In the years when timber is removed the owner must account for the income from that timber, less the expenses for that year only. To add a severance tax on top of what will be raised under the income tax would make a tax burden that would be more discouraging than the real estate tax is to the farmer.

Also it is probable that if a severance tax should be placed upon federal timber, that act would cause the federal government to revise the present method of distributing the receipts from timber sales.

Nearly half of the money from sales of timber now comes back to the state. The state might lose on federal timber by applying a severance tax, but the government is not concerned in how much income tax may be paid by the operator who removes it.

All money collected by the income tax goes into the state treasury.

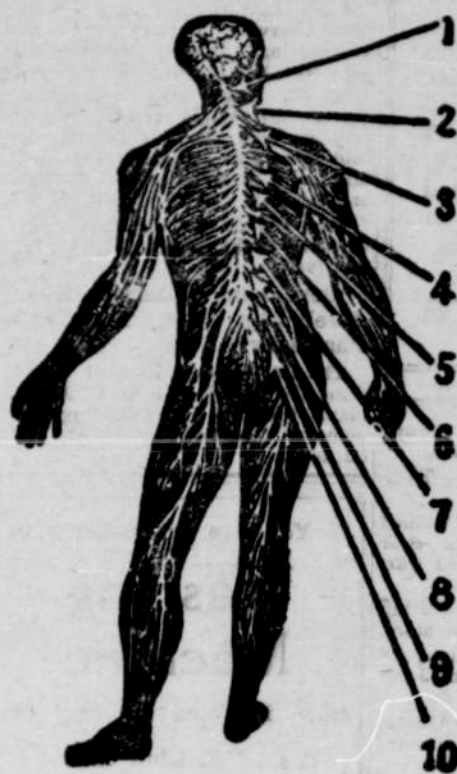

The rate of taxation is 1 per cent upon the first thousand dollars above exemptions, 2 per cent on the second thousand, 3 per cent on the third thousand, 4 per cent on the fourth thousand, 5 per cent on the fifth thousand and 6 per cent on all above that amount.

For example: A taxpayer with \$1000 of income above exemptions would pay \$10; a taxpayer with \$2000 above exemptions would pay \$30; a taxpayer with \$3000 above exemptions would pay \$60; a taxpayer with \$4000 above exemptions would pay \$100; a taxpayer with \$5000 above exemptions would pay \$150, and on each thousand above that amount he would pay \$60.

Do You Know What Science Has in Store for You?

A few of the diseases which are caused by muscular contractions and subluxations of the spinal column are mentioned here.

Ninety-five per cent of all diseases originate at the points shown by the arrows. A slight displacement of one or more of your vertebrae probably is causing your trouble today.

- 1. Slight subluxations at this point will cause so-called headaches, eye diseases, deafness, epilepsy, vertigo, insomnia, wry neck, facial paralysis, locomotor ataxia, etc.
2. A slight subluxation of a vertebra in this part of the spine is the cause of so-called throat trouble, neuralgia, pain in the shoulders and arms, goitre, nervous prostration, la grippe, dizziness, bleeding from nose, disorder of gums, catarrh, etc.
3. The arrow head marked No. 3 locates the part of the spine wherein subluxations will cause so-called bronchitis, felons, pain between the shoulder blades, rheumatism of the arms and shoulders, hay fever, writers' cramp, etc.
4. A vertebral subluxation at this point causes so-called nervousness, heart disease, asthma, pneumonia, tuberculosis, difficult breathing, other lung troubles, etc.
5. Stomach and liver troubles, enlargement of the spleen, pleurisy and a score of other troubles, so-called, are caused by subluxations in this part of the spine, sometimes so slight as to remain unnoticed by others except the trained Chiropractor.
6. Here we find the cause of so-called gall stones, dyspepsia of upper bowels, fevers, shingles, hiccough, worms, etc.
7. Bright's disease, diabetes, floating kidney, skin disease, boils, eruptions and other diseases, so-called, are caused by nerves being pinched in the spinal openings at this point.
8. Regulations of such troubles as so-called appendicitis, peritonitis, lumbago, etc., follow Chiropractic adjustments at this point.
9. Why have so-called constipation, rectal troubles, sciatica, etc., when Chiropractic adjustments at this part of the spine will remove the cause?
10. A slight slippage of one or both innominate bones will likewise produce so-called sciatica, together with many "diseases" of pelvis and lower extremities.

CHIROPRACTIC OFFERS YOU HEALTH

WHY DELAY? DISEASE DOES NOT

Dr. H. A. Hagen

Drugless Physician House Calls—Office Calls Phone 30, Ostrander Bldg. Cottage Grove, Oregon

No matter how you are suffering don't consider your case hopeless or that you have to spend a long time regaining health. Chiropractic is permanently curing hundreds every day. It is doing so because it is the sane, safe, sure, and scientific way to health. Investigate this wonderful modern way of healing disease. Take advantage of it, and suffer no more.

G. F. CRONER, DEPUTY SHERIFF DROPS DEAD AT HOME

Well Known Criminal Catcher Succumbs to an Attack of Heart Failure.

George F. Croner, Lane county deputy sheriff and well known as a criminal catcher, died suddenly at his home in Eugene Tuesday night. He was alone in the house at the time of his death. Mrs. Croner, upon returning after spending the evening away from home, found him sitting in a chair. Life had evidently departed but a few minutes for the body of the dead man was still warm.

Mr. Croner was born in Eugene 65 years ago March 28. He was the son of Mr. and Mrs. C. C. Croner, early pioneers of this county, and had been a resident of the county all of his life. As deputy sheriff he served under Sheriffs James C. Parker, Fred Fisk, Harry L. Bown and Fred G. Stickle. He had made a remarkable record in the apprehension of bootleggers and moonshiners recently. He had not been on duty for a month, because of heart trouble from which he suffered occasional attacks, but his

condition was not considered alarming. Besides his widow he leaves one son, Charles, and a brother, Charles F. Croner, all of Eugene. A sister, Fanny, died in the same manner less than a year ago.

ARCADIE THEATRE BOOKS ROAD SHOW FOR TUESDAY

"The Girl and the Tramp" is constructed as a play to give an entertainment embracing concert, vaudeville, comedy and drama. The high class vaudeville turns in and between the acts of the play are a most pleasing feature. James Gordon, Ivy Merton, Mary Elgin, John Hughes, Jack Daugherty, Evelyn Knott and Harry Danusey have prominent parts. There is a singing quartet, and the vaudeville turn of William Durant, the musical Chinaman, is one of the hits of the evening.

"The Girl and the Tramp" is an antidote for hurry and worry and gives a full measure of rest to over-taxed people with its variety of wholesome comedy, drama, vaudeville and music. It is a play for the masses and the classes and a strong attraction is the low price prevailing for this first-class play which appears at the Arcadie theater next Tuesday night, March 6. m2c

BURCHAM TO REPORT AT PORT DODGE MARCH 12

Oregon Agricultural College, Corvallis, Feb. 28.—Clyde Burcham, of Cottage Grove, who completed his course in military science and tactics last term, was a week end visitor on the campus. Mr. Burcham received an appointment as second lieutenant in the regular army and has received orders to report to Port Dodge at Des Moines, Iowa, March 12.

Laymen Talks at Church. A series of addresses by laymen of the city will be given Sunday evenings at the Presbyterian church. The first of these will be given the coming Sunday evening, when El-

bert Bebe will discuss the recent legislative assembly and legislative assemblies and legislators in general.

Deputy Assessors Begin Work. Deputy assessors took the field yesterday to assess all personal property in the county. All real estate will be assessed in the office this year, lessening the work of the field deputies, according to Herbert E. Walker, county assessor. A uniform schedule on all personal property has been agreed upon by all the assessors of the valley and the same system will be employed in Lane county. Local deputies are C. F. Counts and Geo. H. Brainard.
