**Carbon—**

The enemy of power, efficiency and pleasure. Do you know what makes it? Most motor oils are made of light oils and "cylinder stock." "Cylinder stock" contains many impurities because it is the residue left in an oil still after the refining process. It is a sticky substance which when subjected to the intense heat of the cylinder forms a hard, dirty deposit—carbon.

**SUNOCO THE DISTILLED OIL**

is not a compound but a pure, wholly distilled oil. As it contains no "cylinder stock" the reason for carbon formation is removed. Notice how free from carbon your motor is when you use Sunoco.

Ask your Sunoco dealer for booklet, "What's Happening Inside Your Motor?"

**MARSHALL WELLS COMPANY**  
DULUTH MINNEAPOLIS PORTLAND SPOKANE

These dealers sell SUNOCO—talk lubrication with them

**Keeping Business on a Level**

Would it be any satisfaction to you in these times if you could put some of your money into the great national fund held by the Federal Reserve Banking System which is standing back of and steadying the business interests of the country?

You can do it by depositing your money with us, as we in turn keep part of it on deposit with our Federal reserve bank, where it will be ready for you when needed.

In this way, without cost, you can strengthen the system and secure for yourself its protection,

**FIRST NATIONAL BANK (The Old Reliable)**
