THE BANKING BUSINESS

(Concluded from page 1)

hundred and fifty billions of dollars in checks have passed through the New York clearing house alone, and that payments of such vast sums have been made without the use of any actual money, you begin to see what a wonderful system has been built up by the use of the small slip of paper we call the bank check and how essential the check is to the business and commercial life of the present day.

dealings, let us remember that the person having financial transactions few in number and small in amount will find the checking account just as valuable as the active business man or firm. Every banker can tell of well-to-do families or business men whose checking accounts began with very small deposits and whose financial progress is largely due to their use of right methods. Proper use of a checking account has helped to shape the career of many a successful business man. A checking account offers a number of advantages, some of which are as follows:
1—It gives each depositor a record of all items of income and expenditure, and the cancelled checks

will always show where his money went.

2—Every check issued serves as a receipt for a certain sum of money to a certain person or persons, and in case of a dispute is accepted as evidence of payment.

3—The depositor, by following this systematic method of handling his money, comes to be recognized as a person of business ability. Good business standing is always desirable.

4—Money kept on deposit in the bank is far less likely to be spent or lost than if carried in the pocket or kept at home in the bureau drawer.

5—Each dollar deposited in a bank helps the general financial welfare by increasing the amount that the bank can loan. It is largely through loans made by the banks to the people of the community that business needs are met and commercial progress facilitated.

SOCIETY

SOC—More than two hundred persons enjoyed the dance given Saturday night in the armory for the benefit of the Odd Fellows home in Portland. Past Noble Grands of the Rebekah lodge and their husbands were hosts for the affair which netted a considerable sum to be applied in the furnishing of a room in the home.

The Ladies' Aid of the Christian church gave a surprise shower Thursday afternoon of last week in honor of Mrs. Aubrey Redifer at the home of her parents, Mr. and Mrs. Charles F. Walker. Thirty-five were present. Misses Laura Stewart and Helen Ostrander played several piano duets and Mrs. Mary Robinson gave a reading. Many beautiful and useful presents were received by Mrs. Redifer. Refreshments were served.

The missionary society of the Baptist church met Wednesday afternoon, with Mrs. Karl K. Mills as hostess.

Mrs. W. H. Ostrander was hostess Wednesday night for the Tillicum club at the last meeting until after the summer season. Additional guests were Miss Ruth Phelps, Charles Burkholder and H. A. Haggen.

A beautiful corsage of wild orchids and ferns was the gift of Mrs. T. C. Wheeler to each member of the LaComus club, for which she was hostess Tuesday afternoon. At lunch time the guests were seated at a table centered with a bowl of flowers. Ribbons attached to the place cards also led to the centerpiece, which the guests found to be made of the corsages for their favors.

The ladies' aid of the Methodist church will give a sack social Wednesday next.

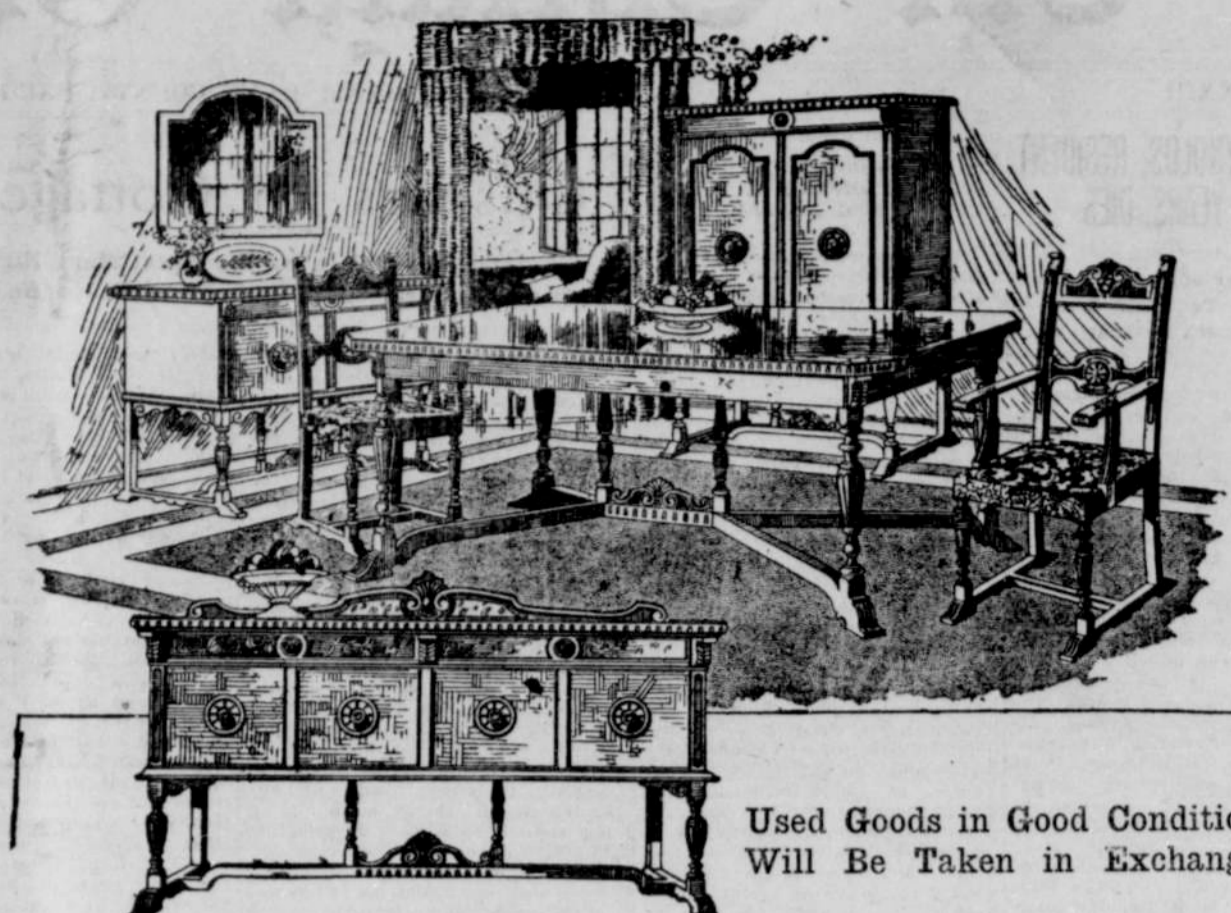

Mrs. Gaven C. Dyott was the honor guest at a pleasant surprise given by a few of her most intimate friends Thursday evening, the occasion being her birthday anniversary. Those who called on the Dyotts were Mr. and Mrs. C. S. Roberts, Mr. and Mrs. S. S. Lasswell, Mr. and Mrs. E. E. Schmidt, Mr. and Mrs. Schofield Stewart and Mr. and Mrs. T. G. Sult.

The Jolly Neighbors were entertained Wednesday at the home of Mrs. Charles A. Stevens on north Ninth street. Refreshments were served at the close of the afternoon spent in fancy work.

Spring blossoms decorated the Masonic hall yesterday afternoon for the meeting of the Constellation club, for which the hostesses were Mrs. W. J. White, Mrs. Albert Woodard, Mrs. Nancy Oglesby and Mrs. Jas. P. Graham. Clever hand painted tokens were used in matching partners.

Traffic Law Violators Fined. Frank Kammer was fined \$15 in Justice Young's court Tuesday for operating his Winton six with Chevrolet license plates. Ralph Pleuard, who is under the legal age, was fined \$5 and costs for driving a car.

more gasoline mileage with Zerolene

Few motorists would willingly pay fancy prices for oil if they knew what we know about Zerolene, which sells for about half the price of many other oils.

Zerolene, made from selected Naphthenic-Base Crude and vacuum-distilled by our exclusive process, stands up better and gives better, continuous lubrication than any oil we have seen and tested or been able to produce.

One of the best proofs of this is, that a car lubricated with Zerolene averages 5% better in gasoline mileage than a car lubricated with other oils, as shown by repeated laboratory tests. Even more important, Zerolene will run a car from 25% to 50% farther before carbon-removing operations are required.

Insist on Zerolene—even if it does cost less. Consult our Correct Lubrication Chart to determine the correct oil for your car.

Rodent Campaign Lags.

The rodent campaign for this year is lagging. This is due largely to the fact that ground squirrels are scarce because of the success of the campaign a year ago. G. W. McFarland, who is at the head of the poisoning project for this end of the county, will check up within a few days on the amount of poison

which has been put out and endeavor to get the work completed at once.

Senior Play Nets \$80.

The senior class play at the high school auditorium Friday and Saturday evenings was pronounced by many to be the best high school play they had ever seen. The char-

acters were unusually good. Verne Fudge, student in dramatics at the University of Oregon, coached the production. About \$80 was cleared from the receipts.

Firestone

will not increase prices until May 1st

Firestone Prices on Fabric and Cord Passenger Car Tires and Tubes, also Solid and Pneumatic Truck Tires Will Advance May 1st

The postponement of this price revision is possible only because of our realization of the price danger in the British Crude Rubber Restriction Act which became effective November 1, 1922. We were fortunate in our rubber purchases before the Restriction Act increased the price of crude rubber 150%.

mileage records, heretofore unheard-of in the industry. Among the more important of these superior methods are blending, tempering, air-bag cure and double gum-dipping.

We have always endeavored to champion the cause of better made tires delivered at lowest cost to the tire user by economic manufacturing and distribution. And we are glad of the opportunity to give the car-owner the additional saving at this time.

Firestone Dealers are co-operating with us in our movement to supply your needs at present prices as long as their stock lasts and we have advised our dealers that we will supply them with additional tires this month only so far as our output will permit.

Firestone Cords embody certain special processes which result in their producing
