BOYS IN AUTO COLLISION FINED FOR RECKLESSNESS

William Skilling and Dexter Huff paid a fine of \$15 in police court Friday for careless driving at the time of the accident in which their car collided with a car driven by George Allemen, who was accompanied by Mrs. Louis A. Bender and baby. The accident happened the day before. In addition their drivers' licenses were suspended for 60 days.

The accident happened at the corner of west Main and I streets. The car occupied by the young men, with Skilling at the wheel, was proceeding west on Main street. The car in which Mrs. Bender was riding and which had the right of way over the other car, was proceeding onto Main street from I street and had succeeded in getting onto the street and over onto the right side of the street before being struck, according to those who witnessed the accident and made an examination of the wheel tracks of the cars. Evidently Skilling hesitated between trying to avoid the accident by crossing in front of the other car or swinging in behind it, with the result that he succeeded in doing neither. The Bender baby, which was in the front seat of the Allemen car with Mrs. Bender, was thrown out onto the pavement. Skilling jumped out, picked up the child and rushed to a physician's office with it.

This is the first time, so far as known, that the young men have been in a motor accident. This accident happened at the time that there was considerable discussion as to whether traffic regulations should be enforced in outlying portions of the city.
