FROM FORESTRY FUNDS

Expenditures totaling \$367,250 of apply on the construction of over 110 miles of highway in Oregon have just been approved by Secre-tary of Agriculture Wallace. This

money was made available for roads serving national forests and for roads within or adjacent to forests which are of primary importance to states, counties and communities.

Among the projects for which these expenditures were authorized is one in Lincoln county running east from Waldport for nearly 16 miles. Local authorities will appro-priate \$30,000 for this work, to

which the forest service will add thorized for the Eugene-Florence highway between Rainrock and Blachly in Lane county. With the funds furnished by the county this additional appropriation brings the total for this 24-mile stretch up to

of the state highway system, being one of the important east and west routes through the state.

The sum of \$22,500 has been auauthorities have appropriated a like sum for this project which lies within the Deschutes national forest and forms a link in one of the state's main east and west high-

ways.
For the stretch of road between Prospect and Crater lake in Jackson county, a distance of 8½ miles, the sum of \$67,500 has been set aside. This appropriation is additional to funds heretofore appropriated ated by federal and local authorities

for the construction of the 22-mile stretch between Trail and Prospect within the Crater national forest.

A section of the Coast highway extending nearly five miles from Neskowin to the Siletz river is also included within the projects, the sum of \$108,500 having been set aside for this work, with the state

and county authorities appropriating an equal amount. The road lies within the Siuslaw national forest.

About 10 miles of the Mount Head loop highway is to be an equal amount. Hood loop highway is to be sur-faced at an estimated cost of \$75, 000, half of which amount has been appropriated from the federal forest

highway funds and half from state funds. This road lies within the Oregon national forest.

In Douglas county within the Siuslaw national forest over three miles of highway is to be constructed between Mill creek and Brandy bar. This road is a section of th bar. This road is a section of the Scottsburg-Reedsport highway. The cost of construction work is esti-mated at \$110,000, of which half is from the federal forest highway
