

## OUR DESIRE!

To make you expect more than you would of any other institution, then give you more than you expect, is the aim of the Bank of Cottage Grove.

Our bank, today, enjoys a splendid patronage and it is pleasing to find that most of our new business is secured through old depositors recommending the institution to their friends. We appreciate this confidence and do our best to be worthy of it. We feel certain that you, too, would enjoy banking with this institution.

## Do You Need Glasses?

Don't attempt to answer this question because you can't tell. That's my business—to examine eyes accurately and tell whether or not glasses are required. If you don't need them, I will say so frankly. If you do, those I prescribe will be exactly right and will cost you no more than you would have to pay elsewhere—perhaps less.
