### SOCIETY

Complimenting Mrs. Peter Nelson, who left Tuesday to make her home in Roseburg, Mrs. Victor Chambers and Mrs. Merville Veatch were hostesses Friday afternoon at the Chambers home in the Omer apartments. Those who gathered to bid Mrs. Nelson farewell were Mrs. Harold Dugan, Mrs. Carl Witte, Mrs. Ivan Warner, Mrs. Victor Kom, Mrs. Marvin Smith and Mrs. Fred Anderson.

Mr. and Mrs. Clyde K. Johnson, who were married July 14 in Couer d'Alene, Ida., arrived in Cottage Grove Wednesday by motor, Mr. Johnson having recently entered business in this city. Mrs. Johnson was Miss Beth Gager, of Couer d'Alene, before her marriage.

Mrs. Victor H. Kom and Mrs. Earl Garoutte were hostesses Sunday night for a pleasant six o'clock dinner at the Kom home at which the birthday anniversaries of Mrs. W. A. Garoutte, Mrs. G. A. Sanders and Fred Bennett were celebrated. The dinner table and the house were prettily decorated with sweet peas, nasturtiums and ferns. Music was enjoyed during the evening. Those who were bidden by the hostesses were Mr. and Mrs. W. A. Garoutte, Mr. and Mrs. G. A. Sanders, Mr. and Mrs. Fred Bennett, Mr. and Mrs. E. E. Arthur and Mr. and Mrs. Fred Anderson.

At a quiet wedding at the home of the bride's mother, Mrs. Dora Hazleton, Saturday afternoon at 1 o'clock, Miss Neita Hazleton became the bride of Raymond A. Jones. The service was read by Rev. Purdy, of Bend, an old friend who is visiting at the Hazleton home. The bride's mother, her sister, Mrs. C. H. Burkholder, and Mr. and Mrs. Roy Leonard witnessed the ceremony. Mr. and Mrs. Jones left at once by motor for Newport, to spend their honeymoon. Mrs. Jones has lived here for many years. Previous to her marriage she was employed at the county court house in Eugene. Mr. Jones is local agent for the Southern Pacific company. They will make their home in this city.

Mr. and Mrs. Ernest W. Ames celebrated their twentieth wedding anniversary Sunday with a picnic dinner at Blue Mountain to which they invited a number of friends and relatives.

Masons and Eastern Stars and members of their families enjoyed their annual picnic Tuesday evening on the banks of the Coast fork river near the N. W. White place south of the city. Long tables spread for the occasion were generously heaped from baskets of good things to eat. Most of the women went out in the afternoon, the men joining them after business hours.

Mrs. G. B. Pitcher was hostess Wednesday for a called social and business meeting of the Presbyterian ladies' aid society at her home. Following the business meeting Mrs. Pitcher served delightful refreshments to the twenty-one ladies present.

**Nose for Glasses as Well as News.**  
That a newspaper man may have a nose for something besides news is attested by the fact that Elbert Smith, of The Sentinel, lost his glasses Sunday on a picnic excursion up the McKenzie and went back the next day and found them. Having discovered that he has a nose for glasses as well as news and that his nose and glasses seem to have a special affinity for each other he declares that hereafter he use his best efforts to allow them to associate with each other permanently.

**Cherrians Stop Here.**  
Twenty automobile loads of Cherrians from Salem, on their way down the valley, stopped here yesterday afternoon. Their band played several selections during their stay.

### EARWIG PARASITE IS ONLY KNOWN DESTROYER OF PEST

Earwigs, like all other pests of this nature, have a parasite that destroys them but it is not known whether the parasite accompanied the European variety to the United States or not. The earwigs are being destroyed in England and New Zealand by the use of the parasite insects, according to an article in a recent issue of the London Daily Mail. An extract of the article concerning the insects follows:

"Certain aliens having gained an unauthorized footing in New Zealand, the government of that country has applied to a scientific laboratory in England to send out cultures by which they can be rapidly disposed of. The aliens, which are destroying fruit trees and ruining hedges, are the earwig and the pear-saw fly, and by some means they got into New Zealand without their parasites, the tachinid and ichneumon flies.

"The 'tach' and 'ich,' said one of the laboratory scientists, 'keep the earwig and the pear-saw down in England. We have had to cultivate them in order to send them to New Zealand. You have first to catch your earwig and a tachinid fly and put them together in a glass-fronted box which becomes at once an abattoir and a breeding cage for the fly settles on the earwig and its young kill it. Then we have to get the chrysalis and send it out to be revived and hatched out on the other side.'"

**Diamonds Found Near Ashland.**  
Ashland, Ore., July 21.—A report received today by officials of the Hartmann Shale Oil company from the Tiffany Jewelry company, of New York, says that several diamonds which were found on the Hartman holdings east of Ashland are valuable. So far only six diamonds have been found on the shale holdings and no attempt will be made by the Hartmann company to mine them in a commercial way, officials said.

Of the six diamonds tested by Tiffany none was over two carats in size and most of them were under one carat. The Tiffany company, it is said, declared the diamonds compared quite favorably with those of the Kimberly mines in South Africa. The stones were found embedded in shale and were separated from that formation with difficulty.

### SURVEY OF PUBLIC SCHOOLS WILL BE MADE BY PEOPLE

Cooperation of state educators in the people's survey of the Oregon schools lately authorized by the Oregon State Teachers' association is being urged by State Superintendent J. A. Churchill. Public education is under fire at present, according to the state official, who points out that people all over the country are criticizing the school and questioning its efficiency. A committee recently appointed by the state association will draw up a number of questions to bring out what particular aspects of the school system may be objectionable to the public.

### Special Road Taxes Legal.

Special road tax elections in four of the six districts in which Stratton & Hovey, timber owners, seek to annul the tax, were legal, according to the opinion of District Attorney Johnston as expressed in his answer to the suit filed in circuit court a short time ago by the western Lane timber firm. Elections in Districts 6, 30, 56 and 83 were legal. In two other districts, however, the allegations of the plaintiffs were admitted.

### MANY CARS MAKING TRIP TO SUMMIT OF CASCADES

Many cars are crossing McKenzie pass and making the trip to Lost Lake and the summit of the Cascades, according to Mr. and Mrs. R. S. Trask, who made the trip over the week end, leaving here Saturday afternoon. Green grass, wild flowers and snow are all to be seen along the mountain route now.

### Jersey Breeders Picnic.

Members of the Lane County Jersey Breeders' association held their annual picnic yesterday at the George Platt farm near Thurston. J. W. Mickle, state dairy and food commissioner, spoke on the oleomargarine bill, and E. A. Rhoton, livestock manager of the Pacific Homestead, spoke on "The Future Outlook of the Purebred Livestock Industry." Professor Brandt, of O. A. C., also spoke. Stock judging contests were held by the Smith-Hughes agricultural classes of Cottage Grove and Blachly. E. J. Edwards, agricultural instructor, and three car loads of "ag" students from the high school attended from here.

### Federated Small Units Favored.

"It seems to me that the best solution of the potato marketing problem as far as cooperative effort is concerned," says C. J. Hurd, extension specialist in marketing at O. A. C., "lies in the organization of county or district units and later perfecting a federation of these units for selling purposes." The Malheur cooperative producers' association has completed its organization, having signed up members who will have a tonnage of more than 100 cars of apples. It will market this tonnage through the Federated Fruit and Vegetable Growers, Inc., a selling agency national in scope.

### Hen Is Held Champion.

Ashland, Ore., July 21.—Mrs. J. E. Ramsay, of Ashland, lays claim to having a world's champion hen when it comes to laying large eggs. All eggs laid by this hen are unusually large, but one egg which measured 8 1/2 x 7 1/2 inches is believed to be one of the largest ever laid in Oregon. The hen is a barred rock from the famous O. A. C. strain and is three years old.

### COUNTY WILL BE SUED FOR MONEY DUE ROAD WORKERS

Suit will be filed against Lane county in the near future by C. H. Gram, state labor commissioner, for the recovery of a large sum of money due road workers as overtime during the summers of 1921 and 1922, according to word received by the county court. Gram alleges that road workers who worked more than eight hours in one day were paid straight time and not double time for overtime, as the state law requires.

The overtime situation came up last winter when some members of the road crew, voicing dissatisfaction over losing their jobs with the change of administration, sought to collect. J. R. McKy, former county roadmaster, talked with the men, reminded them that they had put in the extra hours of their own free will and had agreed to the rate of pay for the extra work, and would harm the county financially if they pressed the claim. He was successful in quieting them and nothing was done until recently when one of the workers wrote a letter to Gram.

Last year and the year before the county worked men as many hours as they pleased, according to Commissioner Sharp, who says that he did not sponsor such action and would not sign the payrolls. He will not sign the payrolls now, he declares, because he was not concerned in the county's road policy then. According to Commissioner Roney, the county has not and will not work men overtime and pay straight time.

### NORTHBOUND TRAVEL IS ROUTED VIA SPRINGFIELD

Northbound travel on Pacific highway between West Springfield and Eugene is now detoured through Springfield and over the north road entering Eugene by the Ferry street bridge across the Willamette river. The detour is traveled during working hours while this stretch is being resurfaced. Before and after working hours the highway is open.

Southbound traffic is allowed the use of the highway while the paving crews are at work.

It is possible that another detour will be provided northbound traffic, since the present one makes the trip three miles longer. There is a good road from Springfield Junction past the Laurel Hill cemetery and the one-way travel may be rerouted over this road.

A detour alongside the new concrete pavement that is being laid at Creswell is rough and disagreeable but not a great deal of time is lost.

### DANGER IN DELAY

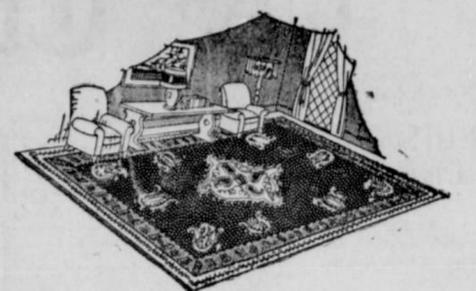

**Kidney Diseases Are Too Dangerous for Cottage Grove People to Neglect.**

The great danger of kidney troubles is that they so often get a firm hold before the sufferer recognizes them. Health will be gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, gravel and Bright's disease may follow as the kidneys get worse. Don't neglect your kidneys. Help the kidneys with Doan's Kidney Pills, which are so strongly recommended right here in Cottage Grove.

Mrs. George Young, 404 Second St., says: "I have used Doan's Kidney Pills for several years and consider them a good remedy. My kidneys were weak and I had attacks of backache and soreness over my kidneys and they acted irregularly. I read of Doan's Kidney Pills and they benefited me by strengthening my back and kidneys."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Young had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. j120-27
