OLD JUPE PLUVIUS GETS SORE AND SENDS DOWNPOUR

Lack of Appreciation of Moderate

Weather Conditions Probably
Is Cause of Peeve.

Probably because residents of the Cottage Grove country have shown a lack of appreciation of the moderate climatic conditions which are their portion, old Jupe Pluvius put on a freak storm at 6 o'clock Tuesday night at Dorena. Over a spot probably a mile in diameter there was a cloudburst that washed out gardens, tore limbs from trees, tore down grapevines and felled grain which had not been cut. The downpour continued for about 10 minutes, during which time it was pitch dark and during the latter few minutes the rain turned to hail few minutes the rain turned to hail and ice, although the atmosphere close to the earth was warm. A few window lights were broken and in several instances the water beat through roofs. The county road was covered with several inches of water and the entire country was made a shallow lake.

James Redford and son Edwin so much noise that they did not hear a tree fall only a few yards

Fortunately a large part of the grain in that section had been cut and stacked and this was not seriously damaged.

Among the places where gardens were ruined and trees damaged were those of Charles Teeters, J. H. Kirk, C. H. Jennings, Dave

Baker and Mr. Durkee.

Mrs. Clara Burkholder and son Charles, who were camped near the John Palmer place on Mosby creek, returned Tuesday on account of the unpleasant weather conditions, after E. C. Spray, G. H. Brainard, C. E. being out but two days. They re-ported that hail there Monday night was so severe that they feared their car would be damaged and lowered the visor to prevent its being broken and covered the hood to

been to Eugene and spent the mon-ey, amounting to about \$7. No ar-

rests have yet been made. An unwelcome and unidentified caller visited the C. T. Powell home one night last week and after his departure a Masonic emblem, a watch and chain and other articles of jewelry were missing.

GRANDMA VAUGHN FAILS TO RECOGNIZE EUGENE AS HAMLET OF 53 YEARS AGO

"Grandma" Sinai Vaughn visited Eugene Sunday for the first time in 53 years. It is needless to say that she found little to remind her of former visits to what was half a century ago only a little hamlet. She was taken to the county seat by motor by her daughter-in-law, Mrs. Oscar Vaughn.
"Grandma" Vaughn is one of "

the oldest living residents of Lane county and the oldest living resident of the Cottage Grove country. e came here with her parents in 1852 and was at that time aged six years. She is now 77 and during her 71 years as a resident here has seen Oregon develop from a wilder-ness to a great commonwealth.

BIRD SEED GROWING WITH LETTUCE IS SOURCE OF WORRY TO MALA MILLER

Mala Miller has been puzzled by the appearance of a strange plant growing with his lettuce. Being to learn from any of his neighbors what the stranger might be, he put it up to The Sentinel, which is supposed to know every-thing, gets credit for more than it

does know and doesn't get credit for many things that it does know. This one proved easy. The fellow who sold Mala the lettuce seed thought Mala was a bird and slipped in a few samples of canary

wire print shop.

MR. AND MRS. TOMPKINS HAVE BEEN MARRIED FOR OVER HALF A CENTURY

Mr. and Mrs. M. L. Tompkins are another Cottage Grove couple who have been wed for much more

SALUBRIOUS OZONE IS SO RICH THAT STRAWBERRIES GROW WITHOUT ANY SOIL

Proving that nowhere else is the James Redford and son Edwin were caught out in the field and took refuge under the edge of a stack of grain. The elements made so much noise that they did not nance from the air.

A. L. WYNNE AND FAMILY ARE IN MOTOR ACCIDENT

Escape Injury When Forced Into Ditch by Wreckless Driver from California

Mr. and Mrs. A. L. Wynne and four children narrowly escaped ser-ious injury Sunday afternoon, when their car was forced off a 12-foot grade north of Albany by a Frank-lin which attempted to pass the Wynne car when there was not sufficient room to do so without danger of a collision with another car coming from the opposite direc-tion. In getting over far enough to make room for the third car, the Franklin forced the Wynne car

off the grade.

The Wynne car was a flivver with an open truck body on the rear, in which three of the children were riding. This was torn from the ear but none of the children was inbut none of the children was in-jured beyond a few scratches. Little Henry was found seated on the Henry was found seated on the battery box under the car. The other two remained in the truck body which had fallen to the ground. Mr. Wynne managed to keep the car in an upright position and he and Mrs. Wynne escaped without a scratch. The car itself was injured but slightly. The car which caused the accident stopped to give assistance and the occupants offered to ance and the occupants offered to ance and the occupants offered to pay for all damages. The same car was itself damaged a few minutes later in Albany when it attempted to pass around a truck which was backing up to a curb and was caught between the truck and the curb. It was able, however, to con-

curb. It was able, however, to continue on its way.

Incidentally Mr. Wynne recently dropped a heavy piece of lead on one toe and a few days later while he was attending to the family cow the bovine set one of her feet down solidly on the injured toe. Mr. Wynne remonstrated both vocally and physically. He thinks that he has had all that is coming to him for a while. for a while.

. L. HATCH SAYS TWIN DAHLIAS ARE NO CURIOSITY

Siamese twin dahlias are no curiosity to W. L. Hatch, who read the story in the most recent issue of The Sentinel and straightway brought to The Sentinel office a half dozen of the flowers. He says that bulbs can be purchased which will produce the twin dahlias but that they are not likely to grow from ordinary bulbs. The twin dahlias produced by Mr. Hatch are in every way the same as the one in every way the same as the one found by E. J. Scofield, which has been minutely described.

BEN LURCH IN CITY WHEN TREES HE PLANTED HALF CENTURY AGO ARE FELLED

By a coincidence Ben Lurch was in the city last week when the trees were being removed from the old Lurch property on Main street, which was recently purchased by Earl Hill as the site for a business block. Mr. Lurch planted the trees half a century ago and for nearly that length of time resided on the property. The residence, one of the old landmarks on this side of the river, will be removed at once by J. F. Spray, who bought it from Mr. Hill and will place it on the property which he recently pur-chased on Adams avenue.

HOMER GALLOWAY TAKES CREDIT FOR PRODUCTS GROWN BY BETTER HALF

Homer Galloway, city recorder, isn't worrying about the high cost of living so long as Mrs. Galloway has her heaith and a penchant for gardening. One hill of potatoes which she raised produced 10 pounds of tubers, many of them of large size. Mr. Galloway has them on display at his office as an advertisement for the productivity of the soil of the famous, fertile fruitful Willamette and, incidentally, he does not attempt to unde-ceive those who think he is advertising his own prowess with garden implements, with the names of which he is not even familiar.

One step won't take you very You've got to keep on walking; One word won't tell folks

what you are, You've got to keep on talking; . One inch won't make you very tall, You've got to keep on grow-

ing; One little ad won't go it all, You've got to keep 'em going.
