COTTAGE GROVE, LANE COUNTY, OREGON, FRIDAY, OCTOBER 12, 1923

NUMBER 5

\$150 IS RAISED BY IMAGINARY DANCE FOR RALPH TEETERS

Many Welcome Opportunity to Contribute While Few Find Flimsy Excuses.

The sale of tags for the Ralph Teeters benefit imaginary dance has raised a fund of \$150 or more, which is much less than was expected. Members of the American Legion and members of girls' clubs of the city gave time Saturday for the sale of the tags. The greater amount of the money was raised that day but some of the tags have been sold since. Any who did not have the opportunity to buy a tag may yet make their contributions. They may be handed to a member of the American Legion or left with The Sentinel.

American Legion solicitors Saturday reported that they were turned down by only a very few. Many welcomed the opportunity to buy tags, while a few found what the solicitors said were flimsy excuses for not doing so.

COMPANY D'S FOOTBALL TEAM READY FOR ACTION

Company D of the 186th infantry now has a football team that is ready to buck almost any team that will schedule a game with it. Eb Spray is manager and will make the arrangements.

The team is composed of the following: Dale Lusk, captain; Wendell Cochran, Cleo Morelock, Eston Porter, Frank Porter, Rex Wheeler, Wilbur Spray, Ralph Welch, Marley Lewis, Ralph Saltsman, Kenneth Berry, Eddy Vale, "Mike" Mosby, Joseph Short and "Boze" Conner. Many of these were football lettermen of the Cottage Grove high school.

The team is practicing three nights a week, Mondays, Wednesdays and Fridays. They have not had much coaching as yet but expect to secure a coach soon. Sergeant Vaughn, of Eugene, sergeant instructor of this company and the company at Roseburg, oversees some of the practice games.

The company is trying to schedule a game for this Sunday but definite arrangements have not yet been made.

Pierce Recall Held Up.
Portland, Ore., Oct. 8.—A. E. Campbell, chairman of a committee which has been conducting a campaign throughout the state for signatures to petitions looking to the recall of Governor Walter M. Pierce, announced that the recall proposal will not be placed before the voters at the coming special election in November.

He declared the voters would be given an opportunity at a future time to vote on the proposal. He also said that the recall committee regarded as a victory for its efforts the removal from office of Johnson Smith as warden of the state prison by the governor. He declined to say how many signatures had been obtained to the recall petition.

About 45,000 would have been required to place the proposal on the ballot.

Teeters Baby Buried Here.

The two-month-old daughter of Mr. and Mrs. Shelby Teeters, of The Dalles, who died there October 6 of bowel trouble, was buried here Sunday. The funeral was held from the home of Mr. and Mrs. W. E. Fullmer, parents of Mrs. Teeters, Rev. A. R. Spearer officiating. Interment was in the A. F. & M. I. O. O. F. cemetery. Mr. and Mrs. Teeters and three children, who had been here for the funeral, returned home Tuesday.

Covell's Uncle May Be Implicated.

Developments in the case of Fred Covell, of Bandon, former resident of this city, held in connection with the death of his wife, indicate that the uncle, Arthur Covell, who made his home with the Covells, may know something in connection with the tragedy. The officers have found a diary kept by him in which he had set down plans for wholesale murders.

Range Demonstration in Progress.

A range demonstration and cooking school is being held this week at the rest room under the auspices of the Mountain States Power company. Miss Beryl Mashburn, demonstrator for the company, has charge. R. L. Stewart, local manager, reports a satisfactory attendance upon the part of women of the city.

Roll Call Plans Made.

A committee that will soon select a chairman for the seventh annual roll call of the Lane county chapter of the American Red Cross was appointed at the monthly meeting of the board of directors of the organization held in Eugene Tuesday evening. The committee is composed of John B. Bell, J. S. Maglady and Frank L. Armitage.

Booze Car to Be Sold.

A Ford sedan, seized by officers some time ago in a raid on bootleggers, has been ordered sold to the highest bidder October 20. The car is described as No. 3,729,059, Oregon license No. 98,075. The sale is subject to a lien held on the car by O. E. Woodson. The sale will be held at the sheriff's office.

Say it with printers' ink.

TEN OF THREE NEWLYWED COUPLES ARE INITIATED IN HIGH MASONIC WORK

Three couples of Cottage Grove newlyweds will not soon forget a reception given them by the Masonic lodge and Eastern Star chapter. The men in particular will long cherish memories of special initiation work prepared for the occasion. Unlike other Masonic work, this degree was given in the presence of many members of the feminine sex.

The degree was described to the novitiates and to the guests as the Khedive degree of the Knights Prince de Kakiak. It was said to have originated in the Garden of Eden, its membership was limited to those of great fortune and became immensely popular with married men seeking an excuse for being out on evenings.

The greater part of the work was put on by the inferior potentate, grand royal keeper of the most ancient and several grand royal keepers of the gorse. The tools and implements of the degree were all the implements of torture indiscriminately but more especially the meat ax, which the grand keeper of the meat axes used in delicate operations upon the candidates, from whom were removed many articles not usually found in the human body, as well as some generally thought to be parts of the human anatomy. Many of the women present stated they had to restrain themselves to keep from going into laughing hysterics. The emblem of the order, presented to the newly-made members, was an immense safety pin.

A musical program was given and refreshments were served.

The couples honored were Mr. and Mrs. H. A. (Howling Ananie) Hagen, Mr. and Mrs. Louis (Linger Longer) Kramer and Mr. and Mrs. L. R. (Lester Rosebud) Phelps. The affair took place October 4.

OREGON GETS \$168,111.95 FROM FOREST SERVICE

The state of Oregon has received \$168,111.95 from the forest service as its share of the receipts from national forest resources during the fiscal year 1923.

Oregon contains 13,137,447 acres of national forest lands. There are 15 national forests located in various parts of the state.

One-fourth of the money received by the forest service from timber sales, grazing permits summer home site leases and other uses of national forest lands is turned over to the states in which such lands are located on a pro rata basis. Such sums are for the school and road funds of the counties containing national forest lands. Oregon has received for roads and schools since 1906, as its share of national forest receipts, a total of \$1,101,384.

The total sum turned over to all states containing national forests during the fiscal year 1923 amounted to \$1,321,422. Twenty-seven states and Alaska shared in the distribution of this sum, which exceeded the annual average of the previous five years by about \$250,000. Increased sales of timber were largely responsible for the record-breaking 1923 receipts.

MRS. JULIA MERCEREAU DIES AT AGE OF 91 YEARS

Mrs. Julia Mercereau died Sunday night at the home of her daughter, Mrs. A. L. Van Osdal. She was aged nearly 91 years. The funeral was held Tuesday afternoon from the chapel and the body shipped to Fulton, Ill., for interment. Rev. J. E. Carlson officiated at the funeral services. The cause of death was paralysis.

Julia Keeler was born Jan. 12, 1833, at Union, N. Y., living there until her marriage to Charles Mercereau in 1855. They moved to Fulton, Ill., where Mr. Fulton engaged in the mercantile business. The husband died a number of years ago and Mrs. Mercereau had lived with her daughter here for several years. She had been an invalid for five years and had been confined to her bed for three years. She had been a life-long member of the Presbyterian church.

Surviving children are the daughter here and Mrs. Katharine Martindale, of Clinton, Ia. There are three grandchildren, Miss Esther Van Osdal and Julia and Charles Martindale.

LOADS ON ALL LANE ROADS TO BE LIMITED BY COURT

In order to preserve the gravel and macadam roads of the county, the Lane county court has decided to cut the weight limit of loads on trucks allowed by law just one-half during the coming winter. The limit allowed by law is 500 pounds per inch width of tire on each axle.

Lane county has built a number of new roads this year and already some of them are pretty badly cut up by heavy loads, according to word reaching the office of the commissioners. The order to limit the load to half the weight allowed by the law of the state is expected to do much toward saving the surface and not so much repair work and maintenance will be necessary, it is believed.

Road supervisors throughout the county have been busy during the past week scraping and dragging the roads while the surface is wet.

Metal trade checks. Everything in the printing and stamp line can be had at the home live wire print shop.

HULL ORCHARD YIELDS 10,000 POUNDS OF PRUNES

Wages of Pickers Higher Than During War; Price Drops from 17c to 7c.

The drying of the prune crop at the John Hull place has just been completed. Mr. Hull has the largest prune orchard in this section, where crops are greatly diversified, and from seven acres obtained 10,000 pounds of the dried product. He has the only individual dryer in this section. The large commercial dryer did not operate this season and the cannery had to take care of a large prune crop. Mr. Hull lost almost no prunes from the wet weather and the loss from all sources was small. The crop was an average one, all of the Italian variety. Two men, Leslie Hull and Clarence Stoneburg, operated the dryer this year, although four men have been employed in past years. Twenty days was required to complete the run. The dried fruit will grade 40.

The price for picking was a trifle more than during the war but the price of the product has dropped from 17 cents to 7 cents. Mr. Hull's crop has usually been a profitable one, but it remains to be seen whether it will pay out this year.

MRS. PHELPS PAYS C. G. REST ROOM HIGH TRIBUTE

At the Mothers' club meeting, which was held Saturday, Mrs. Amelia Phelps, one of the members who has just returned from Tillamook, highly complimented Cottage Grove upon its rest room. Mrs. Phelps stated that there was no rest room in Tillamook nor in any town that she visited since leaving here last spring. At this meeting members decided to allow Mrs. Jennie Schlosser, matron of the rest room, a day off each week, a member of the club remaining there that day.

The Mothers' club is urging everyone to send or bring clothing that they do not need to the rest room for the thrift sales. The club has been quite successful with these sales and wishes to continue them. Periodicals that have been read would be greatly appreciated for use in the rest room.

THE POWER OF THE COUNTRY PRESS.

Christian Science Monitor: Let no one regard lightly or slightly the influence of the so-called country press in the United States. The "home" newspaper is looked to in many a community as the mentor and guide when the time comes to make an important decision. The editor of the country paper, usually unassuming, is a leader in shaping the decisions of his townspeople in those progressive undertakings that affect the common welfare. No matter if the people of the rural sections are coming more and more to look to the city papers for their news of world happening—they still depend for friendly counsel and advice upon the judgment of someone within their own community circle who has proved himself dependable and wise.

So it is a matter of no little importance, considering the magnitude of the subject, that the country press of the United States has enlisted wholeheartedly in the battle of temperance and law enforcement. The issue will be interesting, if not spectacular. Allied with it, destructive liquor interests are many of the larger daily and weekly papers published in the cities. For owners of these papers of larger circulation have not disclosed, they have persisted in their effort to discourage a complete enforcement of the prohibition law. Many of them have allotted generous space to news detailing the manner in which the law is violated, and not a few have, by editorial comment, sought to popularize the campaign of nullification.

Now comes the country editor and his thousands of clear-thinking and unprejudiced brethren throughout the length and breadth of the land, ready to defend and uphold the law which it has sought to destroy. They have no selfish motive in thus enlisting on the side of right. They are committed to the cause by their realization that the best interests of themselves and of the people and industries which they seek to protect demand that the constitution and the laws be unhesitatingly obeyed. The tainted money of the bootlegger and the brewer has not influenced them to betray the people whose confidence they have gained and desire to keep. They feel a personal responsibility. They are not tempted to sell at any price, the friendships of a lifetime. The inclination is to believe that no evil influence is powerful enough to sway the sentiment of the great mass of voters in the United States against so powerful an ally of national righteousness. It was the strength of the moral forces in the agricultural states that made possible the early enactment of the law which the enemies of society are now seeking to nullify. This same courageous electorate will see to it that no backward step is taken. No editor of a country paper need apologize to his patrons and friends for his stand in support of the law. They are with him, just as the loyal and progressive people everywhere are steadfast in support of good government and civic decency.

Correct styles in wedding and social stationery at the live wire print shop. xxx

TRAFFIC CONGESTION IN COTTAGE GROVE IS CAUSE OF WORRY TO NEW DRIVER

One of the greatest complaints Cottage Grove has ever received was paid a few days ago when the driver of a large car stopped at the Nelson service station to inquire his way out of the city. He said that he was a new driver, that he frequently got lost in the heavy traffic in large cities and he wished to be directed over a route that would enable him to avoid the congestion of traffic on Main street. He was directed down Washington avenue. As nothing further was heard from him it was thought that he was successful in getting out of the city without getting injured in the Main street jam.

ATTENDANCE IN SCHOOLS OF CITY REACHES 705

Crowded Conditions Show Need of Immediate Action for a New Building.

Attendance in the city schools continues to increase and at the end of the first month had reached the total of 705. There were 212 in high school, of which number 98 were boys and 114 were girls. In the grades there were 593, of which number 271 were boys and 222 were girls.

In the high school the percentage of attendance was 99.1 per cent and in the grades 97.7 per cent.

The school work is moving along splendidly under crowded conditions. Those connected with the schools believe that the erection of a new building will have to be considered soon.

CONGRESSMAN HAWLEY IS CITY'S GUEST FOR A DAY

Congressman W. C. Hawley was a guest of the city yesterday and was a guest of honor at a dinner last evening at Hotel Bartell. He will leave this forenoon for his home in Salem.

Mr. Hawley came here upon one of his regular jaunts over his district to visit his constituents and to learn their wishes.

While here he was interviewed by the several candidates for the post-nomination and members of the city council conferred with him concerning the city's watershed, where extended logging operations are contemplated.

STAR CAR TAKES ROUTE INTO BOHEMIA THAT NO OTHER CAR HAS TRIED

L. R. Long and C. C. Cruson, of Long & Cruson, are proud of the performance of a Star car which they took into the Bohemia district last week. To give the car the hardest test possible, they made the Champion creek - Noonday - Sharps creek loop. They went up the Champion creek road to the junction with the Noonday road, took the Noonday road to the Noonday property then climbed up Grouse to the old Kwatt shafts, down Grouse to the Grouse-Fairview saddle, around Fairview to the Fairview-Bohemia saddle, down Fairview to the Evening Star, climbed to the saddle again and returned by the Sharp's creek road. They reported that the car performed perfectly and that they did not boil the water during the entire trip. No water, gas or oil was put into the car during the trip.

A. W. Helliwell, one of the owners of the Noonday property, accompanied them on the trip.

MAN FULL OF HAIR TONIC DROPS INTO MAN TRAP AFTER SCARING WOMAN

Mr. and Mrs. C. C. Cruson have a man trap at their new home, although they were not aware of the fact when they moved into it a few days ago.

One evening while Mr. Cruson was down town a man who had imbibed too freely of hair tonic insisted upon gaining admission. Mrs. Cruson telephoned to her husband, but when he arrived the man had apparently disappeared. Later in the evening sounds that were evidently being made by a drunk in difficulties seemed to be coming from the basement. A strict search revealed nothing, but Mr. Cruson thought of a hole which had been dug in the yard. Upon throwing a spotlight into it he discovered the drunk, together with the bottle which had contained his "booze."

G. G. BOY MAY MAKE OREGON FROSH FOOTBALL TEAM

Ray McGargar, a graduate of Cottage Grove high school, class of '23, who is attending Oregon this term, has a good chance of making the frosh football team. Bill Rinehart, assistant coach of the team, has told F. L. Granich, principal of the high school here, that McGargar was the best offensive center in the frosh squad. The team has not yet been chosen.

Billiardist Plays Exhibition Here.

George Spears, world's champion straight-rail billiardist, played two exhibition performances at the Eagle yesterday afternoon and evening before good audiences of local billiard fans.

FLOWERS STILL IN BLOOM STRAWBERRIES CONTINUE TO RIPEN; PUMPKINS GROW

Just to prove that Cottage Grove has the best climate of any portion of the famous, fertile, fruitful Willamette, it may be mentioned that many varieties of flowers, particularly roses, continue to bloom outdoors and that all owners of strawberry beds continue to serve the luscious fruit on their tables. There has been no frost to ripen the pumpkins and squashes and they continue to grow to immense proportions.

LORANE ROAD FAILS TO STAND UP UNDER WET WEATHER

Predictions Made Are Coming True; County Court Fails to Keep Promise.

Those who have used the Lorane road since the rains report that all predictions made that it would go to pieces with the first wet weather are more than coming true. A large number of citizens from here and from Lorane visited the county court just before the road was laid and were promised that each layer would be rolled. They said that unless this was done the money put onto the road would be almost a total loss. It is said that the county court paid no attention whatever to its promise, with the result that after the first rain the road became a mess of mush.

At the time of the meeting with the county court, Commissioner Sharp made the promise that the road would be completed in any manner the delegation asked and the other members of the court agreed. A standard waterbound macadam was agreed upon. Why the promise was not kept has not been explained.

SISTER OF L. A. ABBOTT IS KILLED IN ACCIDENT

L. A. Abbott received word last week of the death in an automobile accident of his sister, Mrs. H. R. Fox, and her baby, of Bray, Calif. The husband, who was driving, is in a serious condition. The car was approaching a blind crossing and the train was not observed until it was almost upon them. Mr. Fox swung his car around alongside the train and they would have escaped injury except that the steps of the engine cab caught the car.

Mrs. Fox had no other relatives here.

CUTSFORTH BUYS INTO PEOPLE'S MEAT MARKET

Dale Cutsforth has purchased the interest of W. G. Perry in the People's meat market, effective next Monday morning.

Mr. Perry, who retires, has been in the same business here several times. Mr. Cutsforth has been an employe in the block signal service of the Southern Pacific for a number of years. This is his first entry into business here.

Coincidentally Mr. Cutsforth's entry into the business it will go onto a cash basis.

Oregon Is Costly Relic.

Salem, Ore., Oct. 8.—Adjutant General George A. White tonight telegraphed the commandant of the Puget sound navy yard at Bremerton and the navy department that the state of Oregon will not accept the battleship Oregon unless the government first overhauls the vessel and puts it in first class condition for delivery to Portland harbor without cost to the state. This action, it was said, probably will end navy department plans for towing the craft into Portland the latter part of this month.

The Oregon legislature last winter appropriated a sum of money for installation and maintenance of the ship in Portland, but the sum is insufficient to cover preliminary costs. The ship was to be kept in Portland permanently as a relic.

Grain Display Is Asked.

That Lane county send a display to the annual national hay and grain show to be held at Portland November 3 to 10, is the request received at the chamber of commerce from Fred Bennion, of Pendleton, secretary of the show organization. The hay and grain display will be held at Portland in conjunction with the annual livestock exposition.

The show secretary writes that during a visit at the annual Oregon state fair last month he was attracted by the fine display of threshed grain and small seeds at the Lane county booth and states that he hopes the Lane farmers will take an interest in displaying their product at Portland.

PREPAREDNESS.

"Have your appendix removed. Don't wait for appendicitis," advises a physician. Following the same line of reasoning, remove your brains. Don't wait for brainstorm.

Card of Thanks.

We wish to express our sincere appreciation of the kindness of the L. O. O. F. lodge and of friends shown at the time of the funeral of our little daughter.

Mr. and Mrs. Shelby Teeters.

COLONEL LAWSON MAKES SOME PERTINENT REMARKS FOR POST-WAR SLACKERS

B. K. Lawson, of Wedderburn, who was for many years active in military affairs at Cottage Grove, rising to the rank of lieutenant-colonel, and was well acquainted with Ralph Teeters, for whom the American Legion has put on a benefit imaginary ball, has sent a substantial contribution. In sending his check he made the following pertinent remarks:

"The people of Cottage Grove have had no opportunity to express appreciation of the efforts of the Cottage Grove boys in the world war like the present one in the case of Ralph Teeters.

"Memory takes me back to the first period of this war when the Cottage Grove boys went away. Everything was coming our way then. Money was had on the slightest pretext. Food and delicacies were sent—more than we needed. At that time each and every one of the boys was in good health and these things were not needed like perhaps they are in some cases now. With an abundance of everything that most people desire, it certainly seems as though when a case of this kind comes up there should not be any hesitancy. Particularly I remember Teeters, one of the most willing, loyal and energetic soldiers that I ever knew. I recall that on one occasion on special duty he worked day and night in a job where he particularly fitted in, and such efforts as those on his part must be the cause that led up to his present condition."

The above remarks by one who knows whereof he speaks are likely to hit quite a number who refused to participate in the imaginary dance.

WEEKLY LETTER FROM STATE MARKET AGENT

When the consumer can buy farm products somewhere near the price the farmer gets for them, then will one of the big holdbacks to agriculture be removed. This can be brought about when producers and consumers organize and bring it about.

The present condition of many profits to all products before they reach the home is resulting in a big so-called overproduction. High retail prices are narrowing the market on many products to the wealthy class and there are not enough in this class anywhere to near take the output. This is especially true on fruits of all kinds, melons, apples, etc. The homes will not buy at retail prices asked.

Recently a large auto truck with extension side rack was driven down Fourth street, in Portland, fully loaded with fruit and food that the public would not pay the high retail prices for. Rather than sell the products at prices consumers would pay, the big load was destroyed. There were watermelons, cantaloupes, crates of oranges, hundreds of loaves of bread, bushels of peaches and pears. These went to the dump, while hundreds of Portland families went without fruit.

A slice of melon in a restaurant costs more than the raiser received for the whole melon. An ear of corn costs about what the gardener received for a dozen ears. Apples rot on the ground half a dozen miles outside of Portland because of low price, while the retail price in the city is so high that the worker's family will not buy them. Thousands of tons of berries rotted on the vines in the Willamette valley this season because there was no market for them, while thousands of families refused to eat them for winter use because of the high retail price and the exorbitant price of sugar.

It will not be a serious undertaking to get farm products from the raiser to the retailer with practically one handling when farmers, retailers and consumers get together and go at it right, and it would seem that this action will be necessary before there can be a natural consumption, fair market demand and prices satisfactory to both raiser and enter. A pound of farm products need not be denied a market if they could be gotten to the consumer at a price he could afford to pay.

In middle western states the same conditions prevail and the people are changing them. Farmers have organized cooperative selling agencies in localities where all products of like kind are sold from the one place. Retailers are cooperating with the selling agencies and having the products delivered direct to their stores and stands by auto truck service, eliminating entirely all middle service. As these movements are worked out successfully the plans will spread.

The new potato grading and inspection law is working out very satisfactorily, both growers and shippers generally being in hearty accord with the act and complying with its provisions. The matter of obtaining sack stencils for small growers who sell a few sacks to retailers has been the occasion of many inquiries. Stencils cut from heavy paraffine paper may be had at cost by applying to G. L. Hyslop, marketing department of O. A. C., Corvallis, Ore.

Deer Season Closes November 1.

Many have been in doubt as to the closing of the deer season. The date is November 1. Many here have secured venison during the season. The wet weather has aided the hunters and has been hard on the deer.

Comes to Visit Brother.

Hot Lake, Ore., Oct. 9.—J. W. Glass, of Imchelin, Wash., who recently underwent an operation at the Hot Lake sanatorium, has left for Cottage Grove to visit his brother, N. E. Glass, of that city.

NEWS WANTED.

Readers of The Sentinel are reminded that The Sentinel welcomes news stories. Sentinel readers are invited to telephone news at any time or to call at the office with it.

If you are an eyewitness of any occurrence that is news, call The Sentinel and give the details. If a news item is not published, the fault is with those who knew of the story and did not tell us about it.

The codfish lays a million eggs, while the helpful hen lays one; but the codfish does not cackle to inform us what she's done; and so we scorn the codfish egg, while the helpful hen we prize; which indicates to thoughtful minds that it pays to advertise.

FRANK GUGGISBERG MEETS WITH SERIOUS ACCIDENT

Young Man Injured Wednesday Had Not Regained Consciousness Late Yesterday.

Frank Guggisberg, aged 15, remained in an unconscious condition late yesterday following an accident late Wednesday afternoon when he was knocked from a load of hay. He and his father, Fred Guggisberg, and Mr. Guggisberg's father were putting baled hay into the barn. A load was being taken into the lower floor of the barn when a bale fell forward onto the horses. The lad was standing on top of the load and when the horses lunged forward his head came in contact with the framework of the barn overhead. He and several bales of hay fell onto the approach to the barn. He was picked up in an unconscious condition and brought to the city for medical attention. Physicians had not been able to bring about a return to consciousness at a late hour yesterday.

The Guggisbergs are farming the old Helliwell place on Row river.

HOT MUD IS REACHED IN EUGENE OIL OPERATIONS

Hot mud is the latest to be brought to the surface during the Guaranty Oil company's drilling operations at Eugene. It was found at the 800-foot level and is so hot when it reaches the surface that it can not be handled with the bare hands. The drillers claim that this is a never-failing sign that oil is below.

D. T. Awbrey, agent here for the company, has brought a sample of the mud here. It is of a light slate color and evidently so full of oil that it remains in a plastic condition.

C. G. H. S. FOOTBALL TEAM PLAYS FIRST GAME TODAY

The Cottage Grove high school football team will play its first game of the season with Roseburg high at 2:45 this afternoon on Skowford field.

The line-up is as follows: Glenn Bennett, center; Ivan Curran, right guard; Jack Berger (captain), right tackle; Henry Hubbell, right end; Homer Nelson, left guard; Homer Nelson, left tackle; Gordon White, left end; Marvin Alstott, right half; Dale Miller, left half; William Skilling, quarterback; William Poole, fullback. Substitutes: Edgar Schuefelle and Delmas Richmond as Hemen, Marion Richmond as end, Dana McCargar, John Bartels and Carl Porter as backfield men.

COTTAGE GROVE NOT TAKING A BACK SEAT IN POPULATION

During the month of September the number of births in this city was exactly twice the number of deaths, there being 12 births and only 6 deaths. Of the births 6 were males and 6 females. Of the deaths 2 were males and 4 were females.

Brainard and Hall Open Office.

George H. Brainard and Charles E. Hall have opened a real estate office in the building just east of the Wynne plumbing shop. Both have been in the real estate business here off and on for a number of years but this is the first time they have been associated together.

Deer Season Closes November 1.

Many have been in doubt as to the closing of the deer season. The date is November 1. Many here have secured venison during the season. The wet weather has aided the hunters and has been hard on the deer.

Comes to Visit Brother.

Hot Lake, Ore., Oct. 9.—J. W. Glass, of Imchelin, Wash., who recently underwent an operation at the Hot Lake sanatorium, has left for Cottage Grove to visit his brother, N. E. Glass, of that city.
