New Coupe

An entirely new body design lends distinction in appearance, adds measurably to individual comfort, and provides greater convenience in the new Ford Coupe.

Streamline body, windshield visor, and nicked fittings make this new Coupe highly attractive. Deeply cushioned seats, improved interior arrangement, and cowl ventilator provide increased comfort.

Wide doors that open forward, revolving type window lifters, enlarged rear compartment and a recess shelf for parcels, back of the seat make for greater convenience.

See the new Ford Coupe and other body types at your Nearest Ford Dealer's showroom.
