Jacobs Oregon City Virgin Wool Overcoats

Judge them by any standard. Determine what you want most in an overcoat. You'll find all these qualities in an Oregon City coat of pure virgin wool

1—STYLE—There's style in Oregon City coats from the fashion centers of the world—as smart as you'll see on any avenue. "Kimona" sleeves and back, raglan shoulders with yoke, set-in sleeves, patch pockets with flap and button, disappearing belts, hook vents. The fabrics themselves have style. There are plaid backs, the new "through and through" plaids, and rich plain colors.

2—QUALITY—Quality of Oregon City coats is the sort that only pure virgin wool can give. Pure virgin wool is new fleece just as it comes from the sheep's back, never used or worked before. Oregon City fabrics are warm and wear-proof. They HOLD their style. They have been winning prizes at World's Fairs since 1875.

3—PRICE—You'll be surprised at the moderate prices of these quality coats. We buy direct from the Oregon City people, makers of both fabric and garment.
