

Abraham Lincoln

Once again we Americans honor the great Lincoln whose trials and tribulations in the days when this nation's fate hung in the balance were of such momentous proportions as would have broken many another man. Yet, Lincoln's constant cheerfulness and his utmost confidence in the future carried his aims to a successful conclusion.

Let us all try to emulate his virtues. Let us move about in our daily tasks with a cheerfulness that speaks our confidence in the future and in the end we can't help but succeed.
