

George Washington

It is fitting that we should pause tomorrow, February 22, in our tasks and reflect upon the genius, the leadership qualities, the perseverance of him who fought and won for this great nation its priceless liberty—GEORGE WASHINGTON.

Confident that his was a just cause, though handicapped in many ways, his keen determination gained us our most cherished asset—FREEDOM. And as we honor his memory tomorrow, let us give thanks for the prosperity and exalted position this nation enjoys—the direct result of WASHINGTON'S greatness.

BANK OF COTTAGE GROVE

Tales of the Town

Ken Williams, of St. Louis, Mo., a member of the home run team of the American league, and Doss Burgess, of Grants Pass, who were en route to Portland, stopped off here and visited last Thursday with

Attention! DAIRY FEEDERS

What is the cost of each quart of milk your cow produces? Whatever it is, we believe you can reduce it by feeding Sterling Dairy Feed. In a recent test made with this feed, 98 quarts of milk were produced on one sack of Sterling Dairy Feed costing \$1.45, which is less than 1 1/2¢ per quart. (This did not include the cost of the hay). Let us figure on your next month's feed supply.

Ostrander & McQueen

LUMBER COMPANY TO REPAIR ROAD INJURED BY TRUCKS

An agreement was made several days ago between the county court and Wood & Clough and the Ajax Lumber company whereby Wood & Clough will be permitted to haul heavy boilers for the lumber company in excess of the weight of loads allowed on the road leading from Walker station five miles west to the site of the mill, also that these two companies will stand half of the expense of the repairs and maintenance of the road so that it will be kept in condition to haul lumber over it from the mills to the station at Walker.

Heavy hauling over this road has cut it up pretty badly, resulting in the action of the county court in placing a limit on the weight of loads to be hauled over it, but with the cooperation of the two companies operating the mills at the end of the road it is thought that it can be kept in pretty fair condition.

HARRISBURG BRIDGE LIKELY TO COME UP IN MAY

A proposition for Lane county to assist in the building of a bridge across the Willamette north of Junction City to take the place of the Harrisburg ferry probably will be on the ballot at the May primaries. Lane county has voted the bonds with which to finance its share of the expense and the state is ready to put up its share. The ferry is not only a serious inconvenience, even when in operation, but has been the cause of several drownings.

Even should the money be provided at the primary election, construction work probably could not be started for another year. For a job of this magnitude it is necessary to start making arrangements several months in advance.

For 35 cents a little wanted will sometimes do the work of a \$5-a-day auctioneer. jne22p
