Price

"Price" is what you pay; accordingly, you ask yourself, "Is it worth it?"

"Price" in some Stores, is determined by "How much will the public stand for?"

"Price" in all Stores of this Nation-wide Institution, is determined by a fair margin of profit on a low cost obtained by quantity buying.

"Price" here means, first, that you benefit by our quantity buying and, second, that you benefit by our being able to demand quality.

"Price" alone is not a true test of buying — knowing what you get for what you pay is being able to buy profitably and safely. There is no greater assurance of profitable and safe buying than is afforded by our business policy.

"Price" here is not fixed for a single day but for every day, and alike for everybody.

"Price" permits you to buy from us with profit to yourself.
