The Tanglefoot club held its last dance for this season Tuesday evening in Phillips hall. The near approach of May day was the motif for the artistic decorations. A large basket filled with flowers was hung from the center of the ceiling with two smaller baskets on each side. Other large baskets filled with flow-

ers were placed in nooks about the hall. Smaller baskets of delicate colors decorated the walls and lights. Pink and white crepe paper streamers effectively draped made the windows attractive. A booth, banked with flowers and moss, from which punch was served during the evening, stood in one end of the room. The hostesses were Mrs. G. M. Scott, Mrs. Roy Short, Mrs. N. J. Nelson Jr., Mrs. F. L.

CROWS ARE ENEMY OF WILD BIRDS AND ANIMALS

The nesting season for game and useful birds is now coming on and it is at this time that the crow beats through the fields and woods seeking out their nests and destroying their eggs and young. Game commissioners of 38 states in the union have found that the crow is the worst enemy of game and useful birds which flies. In some places crows have picked out the eyes of lambs and young calves and also destroyed vast quantities of poultry, eggs and young chicks. The crow is increasing in numbers in many parts of the country. He hunts all the time, like other killers, but he is especially destructive when the birds are nesting. Some species of the crow have been known to wipe out whole colonies of game birds in certain localities.

Geo. L. Baker
Mayor of Portland
who was to have held a meeting here Friday night, has given up the meeting on account of the Senior Class Play
"All of a Sudden Peggy"
and will attend the play in company with Mrs. Baker. The "Home, Sweet Home" film, taken in Washington, D. C., of the "Home, Sweet Home" house by the general federation of women's clubs, under the personal direction of Herbert C. Hoover, will be shown that night.

What a Kiddie Said—

"Say, Ma, where did you get those doughnuts and that dandy cake, or did you make them yourself?" said a young hopeful in a Cottage Grove home as he crammed in another mouthful.

"Why, I got them at the Electric Bakery," the mother replied. "Do you like them?"

"Well, I'll say I do," the lad replied. "Say, Ma, ain't that the place you've been getting that good bread recently?"

"Yes, that's the place sonny where I had you stop for pie on the way home from school yesterday. You said you were going to get all our bread and cake and pies and rolls there hereafter when I sent you to do the buying."

"Yes, I remember I liked the place because they don't treat me like I was a kid. They waited on me just like they did on the grown people. We kids like to be treated like we were somebody. I remember Mr. Sanders waited on me and Mr. Bennett came in just as I was going out, patted me on the head and told me to call again. Say, Ma, they're fine fellows, ain't they? No wonder they make such good bread and rolls and cake and pie and things."

We like to think that every boy and girl, every man and every woman leaves our place feeling that they have received prompt and courteous treatment. Each one of our customers is entitled to this kind of treatment, whether the purchase is for a dime, or a quarter, or a dollar. That is one of the methods we are using to help keep the bread business in Cottage Grove. If you buy from your grocer, insist upon getting Cottage Grove bread. Ask for Faultless Bread and do your part in building up one of the industrial payrolls of Cottage Grove. We ask this upon the basis of quality and service.
