

Kuykendall Favorite Here.

Considerable sentiment for the candidacy of Robert Kuykendall for attorney general is found in Cottage Grove. In fact, his candidacy seems to be receiving more attention here than that of any other candidate for any office and is surpassed in interest only by the proposed recall of the county commissioners. His boosters are largely University of Oregon alumni. Mr. Kuykendall is a former resident of Lane county and it is anticipated that he will get a large complimentary vote here.

Autos Not for Students.

The prevalent use of automobiles by high school and college students was rapped in a resolution adopted at the recent meeting of the Pa-

cific Coast Deans of Men and Advisors conference held at the University of Oregon. The resolution was introduced by George Culver, dean of men at Stanford university.

May 21 Is Bundle Day.

May 21 has been designated as bundle day for the near east relief. Great shiploads of used clothing have been shipped to the near east, but with more than a million sufferers there remain great need and much suffering. Barclay Acheson, a Portland man, now in the near east, writes that the used clothing sent by America often meant the difference between life and death. Half a million persons are yet without permanent homes and suffering is said to be intense.

CANNOT CHANGE POLITICS ON THE DAY OF ELECTION

County Clerk Bryson calls the attention of voters to the new state law which prohibits a voter from changing his politics on primary election day. In other words, an elector who registers as a republican must vote the republican ticket at this election or not vote at all, as the law will not permit him to be sworn in to vote the democratic ticket, or vice versa.

The elector may, however, vote on the recall or on any of the measures to be submitted at this election, no matter whether he is registered as a republican or a democrat. If an elector is not registered he may be sworn in at the May election to vote at either the republican or democratic primaries.

MRS. CHAPMAN SPEAKS.

Cottage Grove, Ore., May 14.—(To the Editor.)—Referring to various comments on methods employed by recallers, will say that I think they are slightly ahead of those of anti-recallers. I was told yesterday that a lady much interested in the proposed recall told another lady, whose name is on a recall petition, that if she would vote for Emmett Sharp she would take her to the polls in her car. As second lady has a car of her own the reward offered is not so great as it would otherwise be. Almost as bad as "begging for signatures at 10 cents per name," which method was used in the Pierce recall, not the Sharp-Roney.

Also was told Mr. Sharp "called down" a young man of Divide for placing his name on a petition, asking him "what he had ever done to him that he should do such a thing." Young man should have asked Mr. Sharp what he had ever done for him that he should not do so. MRS. F. M. CHAPMAN.

Lumber Company Sued.

The Western Lumber & Export company, now in the hands of a receiver, has been sued by Iver Johnson and others, doing business as the Iver Johnson company, seeking a judgment for sums alleged due for the construction of logging railways. In one suit the Booth-Kelly Lumber company is made one of the defendants for the reason that some of the land over which the logging railway extends is owned by it. In a second suit Samuel Brown is made a defendant in addition to the W. L. & E. company.

In the first suit the Johnson company seeks a judgment in the sum of \$1590.50 and \$250 attorney fee and in the second suit the sum of \$3698 with \$500 attorney fee.

BODY OF BRIDE DROWNED DECEMBER 5 IS FOUND

Harrisburg, Ore., May 9.—The body of Mrs. Josephine Dumbek Byers, 17, bride of five days of Robert Byers, of San Francisco, who was drowned in the Willamette river here when the car in which she and her husband and William F. Parks were traveling ran off the ferry slip here on the night of December 5, was found this afternoon shortly after 2 o'clock. The body was scooped up by one of the buckets of the gravel conveyor at the rock crushing plant here only a few hundred yards below the scene of the tragedy.

Owing to the fact that Byers and Parks did not remain long in Harrisburg, some people of this locality doubted their story of the drowning, claiming that they faked it.

Special Service at Christian Church.
